

Tech Mahindra Recognized as Winner for 2019 Microsoft Partner of the Year Award

Provided outstanding solutions and services in Media and Communications segment

New Delhi, India — June 14, 2019: Tech Mahindra Ltd. a leading provider of digital transformation, consulting and business re-engineering services today announced it has been named a winner in the 2019 Microsoft Partner of the Year Award. The company was honored among a global field of top Microsoft partners for demonstrating excellence in innovation and for implementation of customer solutions based on Microsoft technology.

Awards were presented in several categories, with winners chosen from a set of more than 2,900 entrants from 115 countries worldwide. Tech Mahindra was recognized for providing outstanding solutions and services in Media and Communications segment.

Rajesh Dhuddu, Global Practice Leader, Blockchain, Tech Mahindra, said, "We are delighted for this recognition by Microsoft. This amply validates relevance of our Blockchain solutions for global businesses and the outcomes they are driving. With the right technology expertise, operational experience and continued partnership with Microsoft, we hope to continue such stellar work in the future as well."

This year, Microsoft acknowledged partners in various categories celebrating each of the solution areas, industries and sectors in which Microsoft technologies are used.

"It's an honor to recognize finalists and winners of the Microsoft 2019 Partner of the Year Awards," said **Gavriella Schuster, Corporate Vice President, One Commercial Partner, Microsoft Corp.** "These companies are successfully leading their industries, building intelligent solutions, addressing complex business challenges and making more possible for customers around the world. I'm honored to congratulate each winner and finalist."

The Microsoft Partner of the Year Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions during the past year.

As part of the TechMNxt charter, Tech Mahindra is betting big on next gen technologies like Blockchain to address real business needs of the customers by delivering innovative solutions and services. The organisation, through its aggressive re-skilling and research programs, plans to develop internal capabilities to handle Blockchain solution and expand its forte in the segment further.
