# From Idea to Value...

## TechMahindra | SOFGEN is a certified service partner of Temenos

Our 300+ Temenos consultants have an average of over 7 years' experience and are consistently scored by our clients as the most experienced, the most capable and the most dedicated in the Temenos partner ecosystem. Over the past 5 years TechMahindra | SOFGEN has performed 50+ outsourced application maintenance mandates, 20+ system audits, 50+ end-to-end implementations, 20+ system integration mandates, 15+ testing mandates and 50+ upgrades. TechMahindra | SOFGEN's consultants work with Temenos UXP to build web and mobile channels business solutions.

### What's new? Temenos Infinity

It is an independent omni-channel digital banking product which helps banks transform multiple siloed banking channels and legacy applications into a fast, consistent, frictionless customer journey.

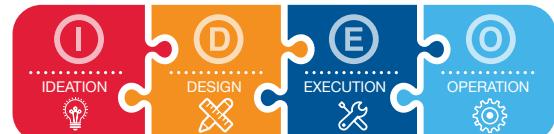

#### Choosing TechMahindra | SOFGEN as an implementation partner for Temenos

- Solid expertise in the implementation of Temenos Channels and Avoka Onboarding for the past 3+ years
- Extensive knowledge in digital banking transformation projects including integration with multiple 3rd party tools
- Capable of delivering a combination of onsite and offshore services to ensure project costs are financially viable for the bank

#### Using Temenos Infinity, TechMahindra | SOFGEN will help you with:

- Providing a detailed understanding of the bank's digital banking requirements and formulate an innovative yet stable solution
- Delivering partial or entire end-to-end implementation services or the digital transformation program
- Aligning with challenging project timelines to quickly initiate and bring to production the digital banking solution

## Driving Results with our I-D-E-O Methodology

### From Vision to Roadmap to Scope

TechMahindra | SOFGEN believes that every digital initiative should add value to the entire organization.

- Step 1 Define your vision mission strategy
- Step 2 Define strategic digital banking building blocks
- Step 3 Define specific digital capabilities enabling your strategy

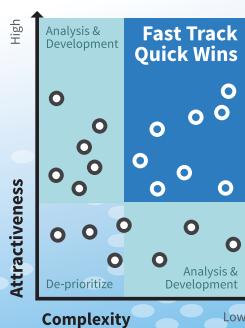

### Product Selection & Feature Prioritization

TechMahindra | SOFGEN's methodology accelerates the identification of the right features to be used.

- Step 1 Temenos Channels Production Selection
- Step 2 Feature Long List and criteria
- Step 3 Prioritized Feature List

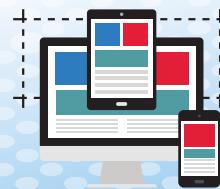

### Identifying Quick Wins

TechMahindra | SOFGEN has developed and applied a framework for this and also provides flexibility to implement features on phased approach or agile development.

### Rapid Prototyping of User Journeys

TechMahindra | SOFGEN has established a rapid prototyping service, utilizing Temenos UXP and Avoka Onboarding solution to create a tangible business case.

### Building A Unique Brand

TechMahindra | SOFGEN's framework creates a structured thought process for a digital omnichannel experience representing the banks' DNA.
