Today is the future.

The world's NextGen IT solutions will be embedded into mobiles and machines. And the power to control them will be centered in ours. By 2020, 25% of traditional spend on legacy IT will be saved by going digital. 80% of the new spend will be around digital technologies and the overall digital tech spend will be 35%. Impact of digital is also seen in the way the work skills are changing. Hybrid jobs are the 'in-thing' and these require us to be flexible & ambidextrous and be able to learn, unlearn & relearn. Technology skills are so integral to every function today that lines are blurring between being a technologist and a functional expert.

The future will be a lot different; today is the future.

And we are connected to it.

MANAGING DIRECTOR AND CHIEF EXECUTIVE OFFICER'S COMMUNIQUE

C. P. Gurnani
Managing Director and Chief Executive Officer

Dear Shareholders,

Times are changing rapidly!

The dynamic global business environment and changing political and economic conditions have kept all industries on their toes. The consequent impact on economic growth, exchange rates, commodities and investment climate has demonstrated that corporations will have to become increasingly agile and nimble in the new uncertain world.

All this volatility and change, however, has a silver lining. Every such change also creates new opportunities along with the new risks. Our investments in emerging markets and new technologies will enable us to capitalize on the new avenues of growth, while adequately managing risk and complexity as we pursue our objectives.

The future will bring a number of changes. By 2020, 80% of new investments will be in Digital. Traditional models will be challenged and the trend of "everything as a service" will strengthen. Companies who have

been able to successfully transform their business model and offerings will be able to survive and thrive.

Digitization is the use of digital technologies to change a business model and provide new revenue and value-producing opportunities. What is exciting for us as a company is that we are actually enabling this global digital revolution for businesses and society.

The second feature of this change is the ability to transform customer experience and interfaces across various businesses. The fallout of this is the increasing importance of the customer front-ending layer not just in terms of business functions and services it enables, but also in the way customers interact with businesses. As this change happens, the most important differentiation would come through Design: be it of the product, service, website or the application.

The other aspect of this change will be an increase in the number of devices, such as smartphone, tablets, or sensors. This trend is an accelerating trend which would result in an exponential increase in the volume of data generated. As companies around the world

try to analyze and monetize this Data about their customers, business or markets, it will create vast opportunities for us. Our ability to convert data into meaningful information will help drive decision-making for our clients.

As a step in this direction, last year we started on an organization wide transformation journey called **DIGITALL** which will see us build a new identity for ourselves – **from being an IT player to being recognized and respected as a Digital, Design and Data transformation (DT) partner by our stakeholders**. We are committed to making this initiative a grand success and are already progressing well with numerous key programs in this area.

Delivering on our Commitment

Our FY 2016 results have, in many ways told us that victory has always favoured the brave. We ended FY 2016 with a revenue of ₹ 26,494 crores, a growth of 17% and our profits after tax grew 19% to ₹ 3,118 crores.

We entered the year with a backdrop of a tough environment, especially in the Communications vertical, which had an impact on our profitability. We have done reasonably well during the year. From the quarter ended June 30, 2015, we have improved our EBITDA margin by 1.9 percent. With your unflinching support and faith in our abilities, we will continue to Rise by accepting no limits, thinking alternatively and by driving positive change.

During the previous year, we welcomed the iconic Italian design company, **Pininfarina** into our family. Pininfarina's legendary design skills complement Tech Mahindra's integrated engineering capabilities and we hope to create increased value to our combined customers.

While we are focussed on our customers and employees, I am proud of the strong social commitment demonstrated by your company. In addition to the various continuing initiatives in women and girl child education, we also launched India's first SMART Academy for Healthcare in New Delhi, which will train over 30,000 young women and men in the important field of allied healthcare by 2020.

Last but not the least, as we step into the future with new vision and ambitions, I want to thank all our stakeholders, our customers, our employees and our shareholders for their unstinting support and guidance. I look forward to yet another successful year and invite you to join us in our digital journey into the future.

Sincerely

C. P. Gurnani

Company constituted a Corporate Social Responsibility (CSR) Committee. Your Board of Directors laid down the CSR Policy, covering the Objectives, Focus Areas, Governance Structure and Monitoring & Reporting Framework among others. The policy is available at <http://www.techmahindra.com/society/default.aspx>.

Your Company's social initiatives are carried out by Tech Mahindra Foundation and Mahindra Educational Institutions.

TECH MAHINDRA FOUNDATION (TMF)

The Tech Mahindra Foundation, the CSR arm of the Company, established in 2007 as a Section 25 Company of erstwhile Companies Act, 1956, works towards a stated mission:

"Educated, skilled and able women and men are a country's true strength".

During the year under review, Tech Mahindra Foundation conducted 160+ high-impact projects with 90+ partners, reaching out to 150,000+ children and youth across these locations.

School Education

The Foundation's work in school education focuses upon three thematic areas: school improvement, teacher empowerment and learning enrichment. The key initiatives include:

All Round Improvement in School Education (ARISE):

Tech Mahindra Foundation's educational initiatives under ARISE are long-term school improvement programmes, run in partnership with local governments and partner organisations. The Foundation has adopted 60+ schools across India and is working with 18 partners to turn them around completely into model schools of excellence. **ARISE+** initiatives encompass educational empowerment programmes for children with disabilities.

Shikshaantar:

Shikshaantar, envisioned as a programme for enhancing capacity of government school teachers, has taken rapid strides during the year. TMF has been working with the East Delhi Municipal Corporation to manage its In-Service Teacher Education Institute (ITEI), where teachers from nearly 400 primary schools receive quality training on a regular basis.

Shiksha Samvardhan:

Shiksha Samvardhan, or the education enrichment programme, is a thematic intervention around

learning enhancement initiatives of the Foundation, towards making learning interesting, child-centred and activity-based to reduce cumulative burden of non-comprehension and to promote grade appropriate competencies.

Employability:

Skills for Market Training (SMART) is the Foundation's flagship programme in employability. It is built on the vision of an educated, enlightened and employed India, and a belief that educated and skilled youth are the country's true strength. The programme started with 3 Centres in 2012 and is currently running 65 Centres at 10 locations across India. These include SMART Centres, SMART+ Centres (training for people with disabilities), SMART-T Centres (training in technical trades) and the first SMART Academy for Healthcare in Delhi. The Academy will closely engage with the industry stalwarts for constant curriculum upgradation and placement.

During the year under review, your Company trained ~16,000 young women and men under its SMART programme. More than 75-80% of the graduates are placed in jobs upon successful completion of the training, across multiple industries.

MAHINDRA EDUCATIONAL INSTITUTIONS (MEI)

Technical Education

Your Company's initiatives in technical education are carried out through Mahindra Educational Institutions (MEI), under which the Institution has extended infrastructural and operational support to Mahindra Ecole Centrale, a state-of-the-art technical institution in Hyderabad. The institution offers a four-year B.Tech Programme in association with Ecole Centrale, Paris under an industry academia memorandum of understanding with Jawaharlal Nehru Technological University, Hyderabad.

The institution's vision is to train engineers to be entrepreneurial and innovative as well as technically trained, so that they are capable of meeting the greatest challenges of the era. It is aligned to MEI's work for the cause of promoting quality higher education by establishing institutions of higher learning, encourage education and research work in different disciplines and to promote innovation and technology development.

The Annual Report on CSR activities is provided as "**Annexure VIII**".

SUSTAINABILITY

Your company believes that responsible business can be possible only when aligned to sustainable development. Thus the Company concentrated its efforts on leveraging Sustainability as a core aspect when implementing strategies across all dimensions-social, economic and environmental. The focus on next generation solutions, attracting and retaining the right talent and identifying the environmental goals ensure that company adheres to a business strategy that impacts positively and creates a sustainable value for all its stakeholders. Your company's current rankings in Sustainability indices affirm its efforts and validate the decision in aligning business with sustainability. With its sustainable development efforts remaining an unchanging priority, your Company is now looking at a future that is economically viable, environmentally friendly and socially just.

Tech Mahindra has been part of the Sustainability movement within the M&M Group and had been earlier reporting its sustainability performance in the Mahindra Group Sustainability Report. Since 2013-14, your Company has been highlighting the Sustainability performance in stand-alone Tech Mahindra Sustainability reports. The performance for both years has been externally assured by KPMG in accordance with the latest guidelines of the internationally accepted, Global Reporting Initiative (GRI). The detailed reports can be accessed at <http://www.techmahindra.com/company/Sustainability.aspx>.

The focused efforts of your Company ensured that it has done well in the 3-year targets taken for critical material issues identified in its business operations. Your Company is now in the process of mapping out the next 3-year roadmap with more emphasis on carbon emissions, carbon pricing and becoming carbon neutral.

The Company's responsibilities and emphasis on its green eco-system is seen through the various energy, water and waste reduction initiatives that have helped cut down the carbon emissions. The Company insistence on associates following 4Ps- Pedal, Paidal, Pool and Public transport have also highlighted the importance of reducing pollution and being environmentally friendly. The Green Marshals at TechM, a small band of passionate associates spearhead the cause of environment and advocate sustainability across the organisation. The customers were helped by

the Company to realize their sustainability objectives through its spectrum of services such as SMART cities solutions, Mobility, Cloud based solutions, platforms, data center consolidation services, MICRO Grid and Energy Management Services. We have ensured that we attract, mentor and retain the best talent through effecting an assured career development path and a feasible work-life balance.

The recent leadership position across platforms such as DJSI, CDP and CSR NewsAsia Rankings 2015, affirm its efforts and organizational strategy on sustainability. The highlights for the year 2015-16 have been in the following areas:

- Installation of 4277 Occupancy sensors across Pune, Hyderabad, Noida, Chennai & Bhubaneswar led to reduced electricity consumption of 1159067 kWh & Carbon Emission Savings of 950.43 MTCO₂.
- Ergonomics, Yoga and Wealth of Wellness initiative for associate well being.
- Successful commissioning of solar plants with a capacity of 1928 kWp at Chennai and Hyderabad. The overall capacity of Solar plants is now 2442kWp and the plants generated 2232875 units of Green power and Carbon Emission Savings of 1830.95 MTCO₂.
- Participation and merit inclusion in Carbon Disclosure Project 2015 and Dow Jones Sustainability Index 2015.
- 121348 Kg of E-waste disposed through government authorized certified vendors for recycling.
- Sewage Treatment Plants across 8 locations helped recycle and reuse 405139.2 Kl of water.
- Recycling of wet waste through vermicompost yielded 53.7 tons of manure which was used for landscaping.
- Green procurement of 2353 Laptops & 4795 Desktops helped save 607296 kWh of electricity & Carbon Emission Savings of 497.98 MTCO₂.
- Reduction of Carbon emissions Scope 1 & 2 by 4.32% since base year FY 2012-13.

Pursuant to Regulation 34 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, a Business Responsibility Report is attached and forms part of this Annual Report.

ANNEXURE II**POLICY FOR APPOINTMENT AND REMOVAL OF DIRECTORS, KMPs AND SENIOR MANAGEMENT****Directors**

The Nomination & Remuneration Committee (NRC) determines the criteria for appointment to the Board and is vested with the authority to identify candidates for appointment to the Board of Directors. In evaluating the suitability of individual Board member, the NRC will take into account multiple factors, including general understanding of the business, education, professional background, personal achievements, professional ethics and integrity.

Based on recommendation of the NRC, the Board will evaluate the candidate(s) and decide on the selection of the appropriate member. The Board through the Chairman / the NRC / VC / MD & CEO will interact with the new member to obtain his/her consent for joining the Board. Upon receipt of the consent, the new Director will be co-opted by the Board in accordance with the applicable provisions of the Companies Act, 2013 and Rules made there under.

KMPs

The authority to identify right candidates for the appointment of CFO and CS is vested with the MD & CEO. The HR will facilitate in identifying the candidates internally or externally. NRC will consider the candidates proposed by the MD & CEO and recommend to the Board for its consideration and appointment in accordance with the applicable provisions of the Act and Rules.

In case of EVC / MD / CEO's appointment, NRC will initiate the process of identifying the new candidate, which can be an internal or external candidate, for the respective position. After identification and screening of the candidate, NRC will propose the candidature to the Board for its consideration and for appointment subject to the approval of the Shareholders and Regulatory Authority, if any.

Senior Management Personnel

The Senior Management personnel are appointed and removed/relieved with the authority of EVC / MD & CEO based on the business need and the suitability of the candidate. The details of the appointment made and the personnel removed/relieved during a quarter

shall be presented to the Board as part of update on Corporate Governance.

Removal of Directors and KMPs

If a Director or a KMP is attracted with any disqualification as mentioned in any of the applicable Act, rules and regulations thereunder or due to non-adherence to the applicable policies of the Company, the NRC may recommend to the Board with reasons recorded in writing, removal of a Director or a KMP subject to the compliance of the applicable statutory provisions.

REMUNERATION TO DIRECTORS, KMPs, SENIOR MANAGEMENT PERSONNEL & OTHER EMPLOYEES:**Non Executive Directors:**

The NRC shall decide the basis for determining the compensation to the Non Executive Directors, including Independent Directors, whether as commission or otherwise. The NRC shall take into consideration various factors such as director's participation in Board and Committee meetings during the year, other responsibilities undertaken, such as membership or Chairmanship of committees, time spent in carrying out their duties, role and functions as envisaged in Schedule IV of the Companies Act, 2013 and Clause 49 of the Listing Agreement with Stock Exchanges and such other factors as the NRC may consider deem fit for determining the compensation. The Board shall determine the compensation to Non-Executive Directors within the overall limits specified in the Shareholders resolution.

Executive Directors:

The remuneration of MD & CEO shall be recommended by NRC to the Board. The remuneration consists of both fixed compensation and variable compensation and shall be paid as salary, commission, performance bonus, perquisites and fringe benefits as approved by the Board and within the overall limits specified in the Shareholders resolution. While the fixed compensation is determined at the time of appointment, the variable compensation will be determined annually by the NRC based on their performance.

The Company may also grant Stock Options to the Directors subject to the compliance of the applicable statutes and regulations.

Remuneration to Senior Management Personnel and Other Employees

The Company follows an extensive performance management system to review the performance of the employees / Senior Management and provide rewards on the basis of meritocracy.

The overall remuneration to the employees includes a fixed component (Guaranteed Pay) and a variable component (Performance pay). The percentage of the variable component increases with increasing hierarchy levels, as the Company believes employees at higher positions have a far greater impact and influence on the overall business result. The CTC is reviewed once every year and the compensation strategy for positioning of individuals takes into consideration the following elements :

Performance

Potential

Criticality

Longevity in grade

The remuneration for KMPs - CFO and CS will be proposed by the MD & CEO to the NRC consistent with the strategy of the Company and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of Section 203 of the Companies Act, 2013 the Board shall approve the remuneration.

The remuneration for the Senior Management Personnel shall be proposed by CPO, approved by MD & CEO, and reported to NRC periodically.

Remuneration for the new employees other than KMPs and Senior Management Personnel will be decided by the HR, in consultation with the concerned business unit head at the time of hiring, depending upon the relevant job experience, last compensation and the skill-set of the selected candidate.

The CPO shall make a presentation to the NRC on the proposed annual increments based on the performance of the Company, general trends in the Industry etc., the annual performance appraisal process of the employees conducted by the Human Resources department, during the financial year. Eligible employees will be rewarded with the annual increment. Before taking the proposal to the NRC, the CPO shall obtain the approval of Vice Chairman / MD and CEO.

The Stock Option grants to the employees are approved by the NRC based on the recommendation of the Advisory Council.

ANNEXURE III

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2016

[Pursuant to section 204(1) of the Companies Act, 2013 and rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To:
The Members,
Tech Mahindra Limited,
Gateway Building, Apollo Bunder,
Mumbai – 400 001

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Tech Mahindra Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March 2016 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2016 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas

Direct Investment and External Commercial Borrowings;

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The erstwhile Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992, and Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (**Not applicable to the Company during the Audit Period**);
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (**Not applicable to the Company during the Audit Period**);
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (**Not applicable to the Company during the Audit Period**); and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (**Not applicable to the Company during the Audit Period**).
- (vi) **I further report that**, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, the Company has complied with the following laws applicable specifically to the Company:

- (a) The Information Technology Act, 2000, and
- (b) The Special Economic Zone Act, 2005.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India, effective from 1 July 2015.
- (ii) The erstwhile Listing Agreement entered into by the Company with stock exchanges and The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 notified with effect from 1 December 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at

least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the Audit Period-

A Scheme of Amalgamation of Tech Mahindra BPO Limited and New vC Services Private Limited with Tech Mahindra Limited, was approved by the Board of Directors of the Company on 26 May 2015, which was approved by the Hon'ble High Court of Bombay vide orders dated 4 March 2016 and the same were filed by the Company with the Registrar of Companies, Mumbai, on 29 March 2016.

PARTICULARS OF ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO AS REQUIRED UNDER COMPANIES (ACCOUNTS) RULES, 2014

A) CONSERVATION OF ENERGY

Your Company uses electrical energy for their equipment such as air conditioners, computer terminals, lights and other utilities at work places. As an on-going process, the Company continued to undertake the following measures to conserve energy:

1. Power savings of 1.9% per associate achieved in 2015-16 as compared to 2014-15, through effective operational controls and close monitoring of utilization.
2. Installed Solar power plants with a capacity of 1928 KWp in 2015-16, thus taking the overall capacity to 2442 KWp as per details given below:
 - Chennai - 999 KWp
 - Hyderabad - 1193 KWp
 - Pune - 250 KWp
3. Generated 22,32,875 units of green power through solar power at Pune, Chennai and Hyderabad, which lead to reduction of GHG emissions.
4. Replacing lights with LED in a phased manner.
5. Replaced very old AC chiller plant with high efficiency chillers in Mumbai Location to reduce energy consumption in future.
6. Consolidation of AC chiller plant in Bangalore which would bring system efficiency and resultant savings in future.
7. Optimization of UPS systems led to disconnection of 13 UPSs from Chennai, Bangalore and Pune, which resulted in reduction of system losses there by energy savings.
8. Maximum Contracted Demand in a few buildings has been de-rated - savings resulted to ₹ 50 lac/annum.
9. Recycling of wet waste through Vermicompost yielded 53.7 tons of manure which was used for landscaping.
10. Treated 405,139.2 KL grey water across Pune, Hyderabad, Chennai, Bangalore and Vizag which is used for landscaping.

B) TECHNOLOGY ABSORPTION

(i) & (ii) The efforts made by your Company towards technology absorption and the benefits in different segments are given below:

INFRASTRUCTURE MANAGEMENT SERVICES

SOTAF™ (Service Optimization Through Automation Framework)

The Company has created a Framework called SOTAF™ (Service Optimization Through Automation Framework). The Company is using industry led orchestrators such as ServiceNow and BMC along with Cortex orchestrators to automate end-to-end Operations processes. SNOW & Cortex Orchestrators are going to be our preferred tools for orchestration. As part of the AQT (Automation, Quality, Time) initiative, Company is also working on Talend an open source orchestrator. Your Company automated multiple operations processes for multiple customers.

Life Sciences and Healthcare

Genomics to facilitate Personalized Medicine

Tech Mahindra's new Platform Analytics Solution for genomic medicine supports personalized treatment for patients and ensures better diagnosis. The leading edge genomics will help in accelerating the drug development process and discovering targeted therapeutic molecules and treatment regimens. It will also help in selecting the right target candidates/subjects at clinical trials.

Crowdsourcing of Adverse Events

Focusing on reduction of underreporting of adverse events, Tech Mahindra's Crowdsourcing solution captures and analyses the voice from social media about any drug related adverse events for potential Signal Detection. Further data mining provides directions for managing the next-generation safety data management platforms.

Repurposing for Orphan Drugs

The Company is working on "Repurposing for Orphan Drugs". A comprehensive tool that provides multidimensional, multivariate research data visualization. It helps in improving patient care by accelerating the development of targeted candidates and provides trends and anomalies along the development value chain.

IDMP Compliance Solution

IDMP is likely to be mandated from Q1, 2017 by EMA regulatory. Our beta solution for IDMP comprises of 2 parts – MDM built by Tech Mahindra MDM practice team and agIDMP for IDMP in partnership with Aris Global that does regulatory interfacing. Both the pieces of the solution are demonstrable and on par with current draft guidance of IDMP from EMA regulator.

Manufacturing

AHMS (Aircraft Health Monitoring System)

AHMS helps the aircraft manufactures to mitigate the new model launch challenges. The Solution helps build strong relationships with existing customers and also acts as a great leverage in acquiring new customers as it increases aircraft dispatch reliability, TAT, reduced man hours, quicker trouble shooting, remote monitoring, reduced warranty costs and increased positive passenger perception about the airline.

Apart from Real Time Monitoring, the solution is built with powerful aerospace analytics which will be a game changer. Integration with other Digital Applications like ERP, E-Log Book, Reliability etc. will make an all-digital Aerospace solution providing access to the airlines/operators to apply analytics and take great business value added decisions.

Factory of the Future

The Company has developed and implemented the Factory of Future solution which is an amalgamation of several technology platforms aimed at transforming the way Manufacturing will be done - a set of solutions that aims to achieve a new paradigm of operations for the "smart factory" consistent with global industry initiatives such as Industry 4.0. This includes use of Plant Controls & Automation. The Internet of Things and the Internet of Services, Advanced Analytics and Human-Machine Interfaces.

Connected Aftermarket Suite

The Company is building a Connected Aftermarket Suite which leverages the software, sensors, and IP-enabled connectivity of connected products combined with a 1080-degree, high-definition view of the smart product, consumer and environment to enhance traditional after-sales areas like maintenance, product repair and replenishment of consumables.

Digital Warranty Platform

The Company is building an end to end Digital

Warranty Platform bringing in together the features of Connected Cars solution (Telematics), Predictive Analytics Platform, Digital Marketing and BPO offering. Some of the solution tenets are Warranty cost prediction and early warning system, Warranty Marketing & Campaign management, Vehicle diagnostics and Mobility integration.

SCM Analytics on Cloud

The Company has developed a cloud based solution which addresses the present complex supply chain threats by providing end to end information visibility. It covers major functional dashboards like procurement, inventory, production etc. and point solutions which includes spend analytics, demand forecasting etc. It also includes role based dashboards- Supply chain Director, VP procurement, SCP manager, Logistics Head, Warehouse Manager, Production Head, and Sales Head.

Testing Services

Tech Mahindra Testing Services has increased focus & investment on innovation and R&D to contribute towards its client's efficiency and growth while reducing the overall cost tremendously. With the focus on creation of Centres of Excellence, Digital labs, etc, Tech Mahindra launched over 20 innovation solutions during the year under review. Through a dedicated team of consultants and solution architects, your Company ensure interactions with the clients on their needs and capture market requirements for creating new offerings. Few of the major solutions are given below:

Industry Structure and Development

The global economy including both developed and emerging countries has been experiencing multiple headwinds. Economic growth has stagnated, commodity prices have declined, turbulence in currency and equity markets continues, global terrorism has spiked and unemployment haunts many countries. Uncertainty and pessimism have dominated the economic and business news in the recent times. These undercurrents of economic uncertainty are driving organizations to tighten their belts, and IT spending has been one of the casualties. At the same time, the need to invest into IT to support digital business is more urgent than ever. Companies know that they need to become digital businesses or face irrelevance in a future digital world. These challenges provide opportunities for the global technology industry.

As per the NASSCOM Strategic Report 2016, worldwide IT-BPM (excluding hardware) spend in calendar year (CY) 2015 was impacted by the volatility in global currencies resulting in a near flat growth of 0.4% which is around USD 1.2 trillion. IT services saw a slight decline in growth of 0.2% on account of the trend towards shift from the traditional IT Services outsourcing to cloud-based applications.

The India's IT-BPM services industry would grow at ~8.5% in FY 2016 – from USD 132 billion in FY 2015 to USD 143 billion in FY 2016 (excluding eCommerce), an addition of USD 11 billion. In FY 2016 with USD 108 billion versus USD 98 billion in FY 2015; the share of IT services exports to the total India's service exports is estimated at ~45% and the industry's contribution relative to India's GDP is ~9.3%. Overall, the industry is estimated to employ nearly 3.7 million people, an addition of ~200,000 people during the year. The domestic IT services at USD 35 billion in FY 2016 would grow only ~3.2% YoY on account of USD strengthening against the Indian Rupee (₹). eCommerce, a USD 16.7 billion market in FY 2016, is set to achieve close to 20% YoY growth. eTravel continues to be the flagship segment; eTailing is the fastest growing one.

The US and UK continue to be the leading customer markets for IT-BPM services with a combined share of nearly 80%. In terms of verticals, BFSI, hi-tech / telecom and healthcare services continue their investments in analytics solutions as they focus on user experience; manufacturing is showing interest in Internet of Things (IoT) / connected device technologies. Emerging verticals like retail are leveraging analytics and multi-channel strategies for a unified customer experience and healthcare in wearable technologies.

Outlook

India's Information Technology (IT) industry body-NASSCOM, has projected a 10-12% growth for the Indian software services export segment for FY 2017, lagging the expected 12.3% (in constant currency terms and within the 12-14% band) growth forecast it had made for the financial year FY 2016. A volatile global economy and currency fluctuations, especially the weakening of Rupee against the US Dollar, continued to impact India's information technology and business process management (BPM) services segments. The industry expects double digit growth to continue in fiscal 2017 at the back of growing tech expenditure and digital technology adoption globally.

In April 2016, Gartner Inc - the world's leading information technology research and advisory company, has forecast that the worldwide IT spending to decline 0.5% in CY 2016. It expects the spending in the IT services market to return to growth in CY 2016, totalling USD 929 billion, up 2.1% from CY 2015. Telecom service spending is projected to decline 2.0% in CY 2016, with spending reaching USD 1.4 trillion. In telecom the dampening spends in both fixed and mobile voice are impacting the IT spends; however, mobile data spending is a bright spot with accelerating growth driven by improved pricing on bandwidth, mobile app and 4G/LTE network availability.

Customers in IT industry being aware of the above trends, are engaging in cost optimization efforts. The savings achieved from the legacy system optimization and enhancements are being redirected to fund digital initiatives, which means doing more with the same.

Opportunities and Risks

India's unique value proposition as the world's number one outsourcing destination continues to hold good

at back of its strong economic value propositions. The country provides access to largest technical talent pool ensuring volume, high quality and faster time to the market. IT-BPM is a major thrust area; for the stable and democratic Government of India.

Apart from this competitive edge the Government of India is spearheading various initiatives (both internal and citizen facing) that would use technology as the foundation to service its citizens – Digital India, National e-Governance Plan (NeGP) 2.0, Smart & Safe Cities, Digital Villages, etc. India has emerged as a digital hub for the world with over 8,000 digital centric firms and 250,000 digitally skilled workforce. Further, the country itself is moving towards a connected, smart economy. It has one of largest population of middle class with 300 million+ having access to mobile internet. Industry landscape comprises over 16,000 firms. India is also maturing to become the Silicon Valley of the developing world with over 4,200 start-ups - third largest start-up community in the world. The Indian outsourcing industry, which has the largest market share of the global outsourcing market, followed by China, Malaysia and Indonesia, grew to 56% in fiscal 2016 from 55% in 2015.

India has continued to retain its first mover advantage and maintained its leadership position. It remains a high potential market worldwide, offering multiple opportunities for unmet needs. With the second largest population in the world, India also presents a large end user market. It continues to remain an excellent delivery centre for the IT-BPM industry. It has established a global delivery chain of close to 670 ODCs across 78 countries. The variety and scale of the offerings in India allows multiple collaborative models to exist. The Indian technology industry is today a global 'digital skill hub'. All this together reinforces India's leadership position in the global sourcing market.

TechM sees opportunities of growth on the back of expected revival in the global economies, better offshore IT spend in most industry verticals, on-going renewal cycles of IT Services spend and adoption of digital enterprises being the new imperative across industries. The demand for acceptance of new business models, value for money services, positive outlook on discretionary spends, platform services, a stronger balance-sheet size post-merger, cross selling

opportunities to a wider client base and availability of qualified and skilled workforce, also augur well for TechM.

The other technological key growth driver that is expected to open new opportunities for TechM is the Network Services space. TechM has been investing systematically in growing its Network Services Business in the past few years. Through these investments, TechM has built a robust portfolio that addresses the engineering functions on the networks side. As part of its vision, TechM believes it can play a key role in

helping the Communications Service Providers on their priority agenda of Customer Experience Management, reduction in operations cost and technology introductions. As customers look at the future of their Managed Services Operations across both IT and Networks, TechM believes they will increasingly look at having a common partner for both the IT and Networks Managed Services Provider. With the acquisition of Lightbridge Communications Corporation (LCC) in FY 2015, TechM will be able to play a strong role in helping drive this change in the market for the benefit of its Communications and Enterprise customers.

Risks

Some of Tech Mahindra’s key risks and their corresponding mitigation strategies have been highlighted below.

Key Risk	Impact of risk	Mitigation / strategy
<p>High concentration in communication Vertical</p>	<p>For the Financial year 2015-16 (FY16); Communication Vertical had a revenue share of 52% of the total business. This is much higher when compared to leading Indian and global IT peers of TechM.</p>	<p>TechM has Communications in its DNA since its formation as a JV with British Telecom in year 1986.</p> <p>The Company until FY 2013 (that is before the merger of Mahindra Satyam) had almost 100 per cent revenue from Communications vertical. The Merger of Mahindra Satyam with Tech Mahindra in June 2013 has helped Tech Mahindra (the merged entity) diversify and halve its Communication vertical revenue exposure. Further some of our peers also have over 40% exposure in a single vertical</p>
<p>Communication vertical witnesses cyclical spends</p>	<p>Historically IT services spend in Communications industry has been cyclical, resulting in periods of prolonged and tepid spends. Post the global financial crisis in year 2009, the IT spends cycle for the global Communications industry have been on the tepid side increasing the risk of growth for ~50% business going ahead.</p>	<p>While IT spends have been muted in the Global Communications space, TechM has been able to grow ahead of its peers in the Communication space.</p> <p>TechM is one of the few Global IT companies which have a complete end-to-end span of services in the Communications space and the Company has been able to leverage its expertise and unique positioning in the Communications vertical helping it grow faster.</p> <p>The Company today, works with almost all the key Global Communications Companies.</p> <p>TechM’s entry into the USD 40 billion Network Services market, opens up a completely new and untapped market with huge growth opportunities.</p>
<p>Global economy risk</p>	<p>TechM’s export revenues are over 95% and it derives 47% revenue from US, 29% from Europe and 24% from the Rest of the World. The Economic growth activity in these nations could directly or indirectly impact TechM customers’ IT spends. A slowdown in these economies would pose lower growth or deferred IT spends thus impacting growth for TechM.</p>	<p>TechM has been operating in volatile business environment for almost three decades and its business model has evolved to deal with changes in the business and IT spend outlook of its clients.</p> <p>Global clients prefer offshoring and India as a preferred destination for offshoring because of its compelling value proposition across people and technology.</p> <p>TechM’s business has been growing while the IT services’ spend in some of the verticals such as communications has been flat or negative over the past few years.</p> <p>However severe adverse Global Economic activities risks can impact any Company including Tech Mahindra and remains business risk akin to any IT services business.</p>

Key Risk	Impact of risk	Mitigation / strategy
Regulatory changes risk	<p>The Company has operations in over 90 countries and its employees work onsite at client facilities and locations on visas granted for extended or short term work. Any changes in immigration laws or any local regulations can impact the profitability and growth.</p>	<p>TechM has been in the software services business for almost three decades and has been complying with the local regulations.</p> <p>The Company has adequate and well defined internal processes including contingency plans to deal with the changing regulatory environment.</p> <p>The Company has delivery centres in overseas geographies including USA and has been hiring local employees.</p> <p>TechM has been engaging with its clients on a regular basis to discuss and deal with any critical regulatory issues which might have an impact on its business.</p>
M&A and Integration risk	<p>The Company has a focused M&A strategy. The Company has acquired multiple companies in the past 2 years. M&A's and its integrations by nature involve risks relating to failure to achieve strategic objectives, financial loss, cultural and financial integration etc.</p>	<p>Acquisitions and M&A's have not been new to the Company.</p> <p>The Company has well laid out and defined plans and acquisition policy. It uses M&A to fill up gaps in its portfolio of competency / services, verticals and client / geography access.</p> <p>TechM has a dedicated and professional M&A team led by the executive Leadership.</p> <p>The Company undertakes extensive due diligence and deals are evaluated by the Board.</p> <p>Management's experience with all the acquisitions done until now has been quite satisfactory and in-line with its expectations.</p>
Competition risk	<p>The global IT services industry is highly competitive with competition arising from Indian IT companies and MNC IT services companies having sizable presence in low cost geographies, deep pockets, strong client relationships, In house and Captive services companies etc.</p> <p>The stiff competition can lead to pressure on pricing, vendor consolidation and hence can impact Company growth and profitability.</p>	<p>IT services companies including Tech Mahindra have been operating under competitive environment for several years.</p> <p>Tech Mahindra has not only been able to become competitive from a multiple services and competency perspective, but has also been able to move up in the IT services value chain.</p> <p>The Company has deep domain knowledge, skilled workforce, delivery capabilities and efficient sales force and relationship managers to help retain its competitive positioning amongst peers.</p>

Key Risk	Impact of risk	Mitigation / strategy
Technology risk	Digitalization is emerging as a disruptive force for customers, buyers and technology. This disruption coupled with changes in delivery models and consumer spending patterns could be a threat to the growth in traditional IT spends and technology obsolescence.	<p>TechM has been a specialist provider of connected solutions and has been investing in competencies required for a digital enterprise.</p> <p>It has identified seven technology areas of focus as part of its vision. The Digital Services portfolio of TechM is called NMACSSS – Network, Mobility, Analytics, Cloud, Security, Social Media and Sensors.</p> <p>NMACSSS is an integrated technology strategy to enable business transformation for TechM customers.</p> <p>The Company invests in centres of excellence and provides ample opportunities to its employees through internal and external training on technology and domain skill upgrades.</p>
Employee related / Supply Side risks	IT being a manpower driven services industry will be associated with supply side risks on availability of talented pool of people, domain and technology experts. Also attracting talented people and attrition remains a risk.	<p>The Company has a strong in-house and external training curriculum which covers latest technologies and soft skills.</p> <p>The Company has been engaging with employees across locations and levels through various employee friendly initiatives.</p> <p>TechM has been diversifying its fresher talent pools by recruiting science graduates, diploma holders and certified skilled undergrads, while increasing hiring of local people in onsite locations.</p> <p>TechM has a comparable remuneration structure, matured HR process and various employee friendly incentives.</p> <p>The Company provides opportunity to all its employees and runs various programmes for employee enhancement and growth like the Global Leadership Cadre (GLC), Young CEO program, Shadow board, 1000 Leaders program etc.</p>
Currency risks	The exchange rate of TechM's major billing currencies like GBP, USD, Euro and AUD has fluctuated widely in the recent past and may continue to fluctuate significantly in the future thus resulting in wide fluctuation in not only revenues but also ForEx losses and gains. Adverse currency impact could also lead to impact on Company's profitability being hit.	<p>TechM has a well-established hedging policy which has been followed consistently over the past years.</p> <p>Hedging is undertaken to protect the Company from unfavourable currency movements & the Company does not undertake any speculative hedging. More than half of its revenue is contributed by its onsite activities and a substantial portion of overall cost is incurred onsite which provides as a natural hedge.</p> <p>The Company has a dedicated Treasury Department which seeks advice from expert professionals and banks for its hedging decisions.</p>

Operating and Other Expenses	23,432	10.61	22,774	11.81
Depreciation	5,455	2.47	4,733	2.45
Interest	533	0.25	479	0.24
Total Expenses	181,549	82.23	164,180	85.12

Personnel cost includes salaries, wages and bonus, allowances paid to associates deputed outside India, contribution to provident fund and other funds and staff welfare costs. The increase in personnel cost in absolute value, is mainly due to increase in headcount and annual increments. Subcontracting expenses include cost of direct contractors and agency contractors to support current and future business growth.

Operating and other expenses mainly include Travelling expenses, Rent, Repairs and Maintenance, Communication expenses, Office establishment costs, Software Packages and Professional fees.

Increase in depreciation is mainly due to increase in investment in infrastructure and equipment to service our growing business.

The Company incurred interest expense of ₹ 533 Million in fiscal 2016 as compared to ₹ 479 Million in fiscal 2015.

4. Profit before tax

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

- 1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?**

The Company has well-defined Code of Conduct policies for Directors as well as for employees of the Company, Joint Ventures and NGOs that completely cover all issues relating to ethics, bribery and corruption. Tech Mahindra also has a separate Supplier Code of Conduct policy for all our suppliers, vendors and companies who provide us with products and services.

- 2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.**

There were 331 Whistle blower complaints received during the financial year 2015-16, of which 226 complaints relate to fake offer letters from unknown sources. The balance complaints were satisfactorily resolved by the management.

Principle 2

- 1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.**

	Product	Social/ Environmental Benefits
1	Saral Drishthi: sZenseEYE	Smart Goggles for the Visually Impaired: aids the visually challenged in hands-free navigation, effectively and intuitively using its Sensory Feedback Technology and Smart Computer Vision Algorithms.
2	Saral Suraksha: FightBack	India’s web & mobile application for women’s safety sends SOS alerts with a ‘Tap of a Button’. Has a wearable GPS device which is paired with the user profile and so works without the app too. Integrated with backend customer care 24x7 and is supported by ambulance and police via the 108 service.
3	MaaS	Microgrid as a Service solution encourages the use of renewable energy. Integrates renewable energy sources with Grid-based energy so that customers receive reliable energy all the time. Also looks at the market price of energy sources and provides the cheapest available energy to customers thus reducing their energy bills.
4	Smart Parking	Green and hassle-free solution for parking management system for premises/ buildings/ cities using Sensor technology (IoT). A complete ecosystem where the user can reserve parking space in advance using an app for a problem-free parking experience. The parking space owner can also see the parking lot status dynamically on his dashboard.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):

- (a) Reduction during sourcing/production/distribution achieved since the previous year throughout the value chain?
- (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Tech Mahindra being a Software Services Company, these details are negligible

3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

Yes, the Company has procedures in place for sustainable sourcing including transportation.

- (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Tech Mahindra has a Sustainable Supply Chain Management policy and the Suppliers Code of Conduct policy which have to be stringently followed by our vendors. Tech Mahindra prefers suppliers with sustainable practices and ability to deliver on key strategic growth initiatives.

- The procurement team ensures that all laptops, desktops and other electrical appliances procured are of high quality and have the highest energy efficiency. The energy efficient laptops & desktops ensure that there is a clear cost saving ranging from 30%-65% against usage of standard non-efficient laptops and desktops.
- Our supplier analysis also takes into account the sourcing strategy of the supplier and proximity of the supplier to the location where the order request has been raised so as to improve logistics and save time, cost & emissions from unwanted transportation through longer routes.
- A significant proportion of our procurement spend is on construction

of new facilities and campuses. Our Chennai campus is LEED Gold certified. Procurement norms of the LEED standard require that we procure construction materials and equipment that meet the required environmental norms and standards in Energy and Water Efficiency, Waste Management and Impact on Biodiversity.

- We conduct supplier audits which help us understand the potential risks within the Supply Chain from ESG perspective. Suppliers who can strategically help in adaptation to new technology and procedures for newly constructed campuses & buildings are preferred.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

All IT suppliers of Tech Mahindra are MNCs and so the IT goods cannot be sourced locally. But the Company encourages sourcing non-IT goods and services from local suppliers. The Tech Mahindra Sustainable Supply Chain Management policy includes a clause on procurement of goods and services from local and small communities. During supplier evaluation process, if all other factors are on par between potential suppliers, then the Company will give preference to the local supplier or small producer and thus procure goods locally. For consumable and operational services, the Company prefers to connect with local vendors to supply the necessary manpower and other requirements.

- (a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Tech Mahindra conducts capacity training workshops for our suppliers touching upon topics such as Human rights and Labour laws, the global trend in green supply chain and Anti-corruption. Through this capacity building workshop Tech Mahindra aims to help suppliers understand the importance of sustainable development as well as create a platform for all stakeholders to discuss their concerns and challenges.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Yes, > 10%. The Company has a mechanism to recycle waste but since we do not manufacture products we don't deal with product recycling.

Water: Sewage Treatment Plants are set up at 8 major facilities to recycle and treat waste water. The campuses that have STP installed are Zero Discharge Facilities and recycle the sewage generated completely. The total volume of water recycled in Financial Year 2015-16 is 405139.2 KL and this was reused for non-operational purposes like landscaping.

E-waste: The E-waste generated includes defunct computers, monitors, servers, electronic and electrical items. For India operations, management of E-waste is as per E-waste Management policy which complies with the Government of India's E-waste (Hazardous Waste Handling and Management) Rules, 2011. The E-waste is disposed off for recycling through government authorized certified vendors. Financial Year 2015-16 saw 121.35 ton of E-waste sent for recycling through an authorized vendor.

Other waste: Scrap waste comprising of plastic, office waste, packaging and paper is given to vendors for recycling. Vermicomposting of wet waste has yielded 53.7 tons of manure that was used for landscaping. The food waste generated in cafeterias is given to the vendors to generate fertilizers and animal feed.

The Company received a show cause notice from SPCB on April 18, 2015 which was responded on May 6, 2015.

Principle 7

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Yes, Tech Mahindra is a member of the following trade and chamber or association

- (a) National Association of Software and Services Companies(NASSCOM)
- (b) Confederation of Indian Industry (CII)

Tech Mahindra is also part of the following forums through our association with the larger Mahindra & Mahindra group.

- (c) World Resources Institute (WRI)
- (d) Carbon Pricing Leadership Coalition (CPLC)
- (e) The Energy and Resource Institute (TERI)

2. Have you advocated / lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Tech Mahindra is part of various forums that advocate the cause of sustainability and climate change actions. Tech Mahindra likes to keep abreast of the latest developments in this field and explore more opportunities to work on sustainability aspects in collaboration with industry bodies. Tech Mahindra interacts and engages with businesses and the government to address issues of sustainability, environmental degradation, climate change and inclusion among others to try bring about a transformation. As one of the first few organizations to achieve a carbon disclosure score of 100 this year, we have

publicly shared the key actions undertaken by Tech Mahindra to achieve this. Tech Mahindra supports the CII's sustainability program of bringing transformation through policy advocacy, knowledge creation, knowledge dissemination and 'on-ground' model projects. Tech Mahindra aligns itself with NASSCOM's report on 'Sustainable Tomorrow – Harnessing ICT Potential' where our solutions are positioned as key enablers to help customers achieve goals of climate change and environment sustainability. With an increasing domestic policy push on renewable energy and rising fuel levies, Tech Mahindra is also in the process of exploring applying an internal carbon price to address risks and opportunities related to climate change policies. Tech Mahindra was part of a workshop with WRI which aimed to bring together international and Indian businesses to facilitate the development of best practice guidance and other tools and resources on implementing a voluntary corporate carbon pricing program.

Principle 8

1. Does the Company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

All social initiatives and projects are handled through the Tech Mahindra Foundation which focuses on three areas of development – school education, employability and technical education. It has been running 150+ projects with 100+ partners across India and has reached out to 80,000 primary and 400,000 secondary/tertiary beneficiaries. The Foundation has an inclusive approach wherein it also supports disabled children and youth in its programmes. Through SMART+ and ARISE+ programme, the Foundation helps disabled children and youth gain education, earn an income and live independently.

The internal associates' team, JOSH also takes up social activities as part of its programs and encourages volunteering by associates in the nearby areas. Tech Mahindra HR invites associates to be part of the Employee Social Responsibility Options (ESRO) initiative where the associate can get funding for the NGOs where they have been volunteering over a sustained period of time.

2. Are the programmes/projects undertaken through in-house team/own foundation/ external NGO/government structures/any other organization?

The Tech Mahindra Foundation works with around 100 partners across India. A few select projects are implemented through the in-house Tech Mahindra Foundation team.

3. Have you done any impact assessment of your initiative?

Yes, an external agency, KPMG conducted an impact assessment of the Employability (SMART) programme. They reported a Social Return on Investment (SROI) of 13.29 for the SMART vocational training programme.

4. What is your Company's direct contribution to community development projects- Amount in ₹ and the details of the projects undertaken?

The spend by the Tech Mahindra Foundation during Financial Year 2015-16 is ₹ **29.74 Crores** on its Education and Employability programme. The spend on Technical Education by Mahindra Educational Institutions is ₹ **17 Crores**.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

Sustainability is one of the key elements in the design and vision of the Foundation's initiatives. The community is involved with the interventions from inception and through the process of implementation. The SMART program involves young adults from the community. They actively participate in the program and spread the word in their respective communities. Principle 9

1. What percentage of customer complaints/ consumer cases are pending as on the end of financial year.

For Financial Year 2015 - 16, we have addressed all customer complaints and there are no major customer grievances pending.

Our customer centric culture spans across the organization ensuring better services, experience and a better value for money for our customers. Customer escalations and complaints are treated with utmost importance in the organization. The Customer Centricity Office tracks all critical customer escalations and expedites the necessary actions required to close these complaints quickly. We have a Chief Customer Officer who proactively manages all customer escalations. His contact details are updated on the external Tech Mahindra website http://www.techmahindra.com/company/customer_centricity_office.aspx for easy access and connect with all our customers.

2. Does the Company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. /Remarks(additional information)

N.A. Tech Mahindra delivers IT services and is not a product Company.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/ or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

There has been no case filed by any customer against Tech Mahindra regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years.

4. Did your Company carry out any consumer survey / consumer satisfaction trends?

Yes, our customer-centric initiatives include meeting customers pro-actively to understand the pulse on the ground, monitoring customer concerns and measuring customer satisfaction through a customer survey known as NPS (Net Promoter Score) or CaPS (Customer as Promoter Score) via a third party. We also run the P-Sat (Project Satisfaction Survey) for all our projects.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF TECH MAHINDRA LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Tech Mahindra Limited (the Company), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information for the year then ended.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the Act) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, as applicable.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under section 143 (11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following note to the financial statements:

Note 25 in respect of certain matters relating to erstwhile Satyam Computer Services Limited (erstwhile Satyam), amalgamated with the Company with effect from April 1, 2011 which are discussed below:

During the year the Additional Chief Metropolitan Magistrate cum Special Sessions Court, Hyderabad vide common judgement on April 9, 2015 convicted the accused persons in 3 separate complaints instituted by the Central Bureau of Investigation (CBI), which also covered the matters investigated by the Serious Fraud Investigation Office (SFIO). The Company was not named as an accused in the proceedings and in the said judgment. The Management does not believe there will be any further proceedings against the Company in this respect. The Company Law Board vide its further Order dated March 1, 2016 has also struck off the name of the Company from the array of respondent in the petition filed by the Ministry of Company Affairs (MCA).

Further, as explained in note 25 to the financial statements, certain non-compliances and breaches of various laws and regulations by the erstwhile Satyam under the former Management (prior to Government nominated Board) identified by the various agencies have been responded to/appropriately addressed in earlier years and no further communication has been received by the Company on these matters and with the passage of time, the Company does not expect any further proceedings in this regard.

The Company's management on the basis of current legal status and external legal opinion, as more fully described in note 25 to the financial statements, has concluded that (i) claims made by 37 companies in the City Civil Court for alleged advances amounting to ₹ 12,304 million made by these companies to erstwhile Satyam, and presented separately under 'Suspense account (net) and (ii) the claims to these advances filed by Enforcement Directorate under the Prevention of Money Laundering Act in the High Court of Andhra Pradesh will not sustain on ultimate resolution by the respective Courts as explained in the note.

Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under section 133 of the Act, as applicable.
 - e) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 24, 25 and 30 to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 (the Order) issued by the Central Government in terms of Section 143(11) of the Act, we give in Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT Re: TECH MAHINDRA LIMITED

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Tech Mahindra Limited (the Company) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company;

and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Mumbai, India, May 24, 2016

Mumbai, India, May 24, 2016

Notes forming part of the Financial Statements for the year ended March 31, 2016

1. Corporate Information:

Tech Mahindra Limited (referred to as "TechM" or the "Company") operates mainly into two sectors i.e. Telecom business and Enterprise Solutions business. The telecom business provides consulting-led integrated portfolio services to customers which are Telecom Equipment Manufacturers, Telecom Service Providers and IT Infrastructure Services, Business Process Outsourcing as well as Enterprise Services (BFSI, Retail & Logistics, Manufacturing, E&U, and Healthcare, Life Sciences, etc.) of Information Technology (IT) and IT-enabled services delivered through a network of multiple locations around the globe. The enterprise solutions business provides comprehensive range of IT services, including IT enabled services, application development and maintenance, consulting and enterprise business solutions, extended engineering solutions and infrastructure management services to diversified base of corporate customers in a wide range of industries including insurance, banking and financial services, manufacturing, telecommunications, transportation and engineering services. The Company's registered office is in Mumbai, India and has over 140 subsidiaries across the globe.

2. Significant accounting policies:

2.1 Basis for preparation of financial statements:

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India on accrual basis under the historical cost convention, except for certain financial instruments which are measured at fair value. These financial statements have been prepared in accordance with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Use of Estimates:

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the

financial statements, and the reported amounts of income and expenses during the reported period. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the financial statements.

2.3 Tangible Fixed Assets and Intangible assets:

Tangible fixed assets and intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalised includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

2.4 Depreciation / amortization of fixed assets:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation / amortisation on fixed assets including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, where the life of the assets has been assessed as under based on technical advice, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Buildings	28 years
Computers	3 years
Computers taken on Finance Lease	Lower of 3 years or lease period
Plant and Equipments	3 to 5 years
Furniture and Fixtures	5 years
Furniture and Fixture taken on Finance Lease	Lower of 5 years or lease period
Vehicles	5 years
Leasehold Improvements	Lower of lease period or expected occupancy

Leasehold land is amortised over the period of lease.

Assets costing upto ₹ 5,000 are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

The estimated useful life of the intangible assets are reviewed at the end of each reporting period to reflect the changed pattern, if any.

The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Project specific intangible assets are amortised over their estimated useful lives on a straight line basis or over the period of the license, whichever is lower.

2.5 Leases:

Assets taken on lease are accounted as fixed assets where necessary conditions are complied in accordance with Accounting Standard 19 on "Leases", (AS 19).

i. Finance lease:

Where the Company, as a lessor, leases assets under finance lease, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is based on constant rate of return on the outstanding net investment.

Assets taken on finance lease are accounted as fixed assets at fair value. Lease payments are apportioned between finance charge and reduction of outstanding liability.

ii. Operating lease:

Lease arrangements under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating lease. Lease rental under operating lease are recognised in the Statement of Profit and Loss on a straight line basis over the lease term.

iii. Sale and Lease back transaction :

In case of a sale and leaseback transaction resulting in a finance lease, any excess or deficiency of sales proceeds over the carrying amount is deferred and amortised over the lease term in proportion to the depreciation of the leased asset.

Profit or Loss on Sale and Lease back arrangements resulting in finance leases are recognised, in case the transaction is established at fair value, else the excess over the fair value is deferred and amortised over the period for which the asset is expected to be used.

2.6 Impairment of Assets:

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

- (a) an intangible asset that is not yet available for use; and
- (b) an intangible asset that is amortised over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

2.7 Investments:

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued.

Current investments are carried at lower of cost and fair value determined on an individual

investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

2.8 Inventories:

Components and parts:

Components and parts are valued at lower of cost or net realizable value. Cost is determined on First-In-First Out basis.

Finished Goods:

Finished goods are valued at the lower of the cost or net realisable value. Cost is determined on First-In-First Out basis.

Projects in Progress / Work in Progress:

Hardware equipment and other items are carried at the lower of cost and net realisable value. Cost is determined on a specific identification basis. Cost includes material cost, freight and other incidental expenses incurred in bringing the inventory to the present location / condition.

2.9 Revenue recognition:

Revenue from software services and business process outsourcing services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and system integration projects.

All revenues from services, as rendered, are recognised when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes.

The Company also performs time bound fixed price engagements, under which revenue is recognised using the proportionate completion method of accounting, unless work completed cannot be reasonably estimated. Provision for estimated losses, if any on uncompleted contracts are recorded in the period in which such losses become probable based on the current estimates and can be reasonably estimated.

The cumulative impact of any revision in estimates of the percentage of work completed

is reflected in the period in which the change becomes known.

Revenue from maintenance contracts is recognised over the period of the contract in accordance with its terms.

Revenue recognition is based on the terms and conditions as per the contracts entered into with the customers. In respect of expired contracts under renewal or where there are no contracts available, revenue is recognised based on the erstwhile contract / provisionally agreed terms and/or understanding with the customers.

Revenue is net of volume discounts / price incentives which are estimated and accounted for based on the terms of the contracts and excludes applicable indirect taxes.

Amounts received or billed in advance of services performed are recorded as advances from customers / unearned revenue.

Unbilled revenue represents amounts recognised based on services performed in advance of billing in accordance with contract terms and is net of estimated allowance for uncertainties and provision for estimated losses.

Liquidated damages and penalties are accounted as per the contract terms wherever there is a delayed delivery attributable to the Company and when there is a reasonable certainty with which the same can be estimated.

Revenues from the sale of software and hardware products are recognised upon delivery / deemed delivery, which is when title passes to the customer, along with risk and rewards.

Reimbursement / recoveries from customers are separately identified as contractual receivables when no significant uncertainty as to measurability or collectability exists.

The Company recognizes unearned finance income as financing revenue over the lease term using the effective interest method.

Dividend income is recognised when the Company's right to receive dividend is established. Interest income is recognised on time proportion basis.

2.10 Government grants:

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received.

Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of the depreciable asset by way of reduced depreciation charge. Grants in the nature of capital subsidy are treated as capital reserve based on receipt/eligibility.

Grants related to revenue are accounted for as other income in the period in which the related costs which they intend to compensate are accounted for to the extent there is no uncertainty in receiving the same. Incentives which are in the nature of subsidies given by the Government which are based on the performance of the Company are recognised in the year of performance / eligibility in accordance with the related scheme.

Government grants in the form of non-monetary assets, given at a concessional rate, are accounted for at their acquisition costs.

2.11 Foreign currency transactions:

(i) Foreign currency transactions and translations:

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the period end rates. The exchange differences between the rate prevailing on the date of transaction and on the date of settlement / translation of monetary items at the end of the period is recognised as income or expense, as the case may be.

Any premium or discount arising at the inception of the forward exchange contract is recognised as income or expense over the life of the contract, except in the case where the contract is designated as a cash flow hedge.

(ii) Derivative instruments and hedge accounting:

The Company uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. Effective April 1st, 2007 the Company designates some of these as cash flow hedges applying the recognition and measurement principles set out in the Accounting Standard 30

“Financial Instruments: Recognition and Measurements” (AS 30).

The use of foreign currency forward contracts / options is governed by the Company's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The counter party to the Company's foreign currency forward contracts is generally a bank. The Company does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/ option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised directly in Hedging Reserve (under Reserves and Surplus) and the ineffective portion is recognised immediately in the Statement of Profit and Loss.

The accumulated gains / losses on the derivatives accounted in Hedging Reserve are transferred to the Statement of Profit and Loss in the same period in which gains / losses on the item hedged are recognized in the Statement of Profit and Loss.

Any Profit or Loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense in the period in which such cancellation or renewal is made. Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognized in the Statement of Profit and Loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument recognised in shareholders' funds is retained there and is classified to Statement of Profit and Loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in shareholders' funds is transferred to the Statement of Profit and Loss for the period.

2.12 Employee Benefits:

(i) Gratuity:

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur (refer note 38 below).

(ii) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company.

The Company has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions.

(iii) Superannuation and ESIC:

Superannuation fund and employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the Statement of Profit and Loss on accrual basis.

(iv) Compensated absences:

The Company provides for the encashment of leave subject to certain Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

The company also offers a short term benefit in the form of encashment of unavailed accumulated compensated absence above certain limit for all of its employees and same is being provided for in the books at actual cost.

(v) Other short term employee benefits:

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service.

2.13 Borrowing costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss.

2.14 Taxation:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Company will pay normal tax after the tax holiday period. Accordingly, it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Tax on distributed profits payable in accordance with the provisions of the Income-Tax Act, 1961 is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI)

2.15 Employee Stock Option Plans:

The Company determines the compensation cost based on the intrinsic value method. The company grants options to its employees which will be vested in a graded manner and are to be exercised within a specified period. The compensation cost is amortized on an accelerated basis over the vesting period.

2.16 Research and development:

Research costs are expensed as incurred. Development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use the asset and the costs can be measured reliably.

2.17 Earnings per Share:

Basic earnings/ (loss) per share are calculated

by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings / (loss) per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

2.18 Cash and cash equivalents (for the purpose of cash flow statement):

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.19 Provision, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. The provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect current best estimates.

Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

Note:

Certain fixed deposits of the Company, then aggregating to ₹ 8,220 Million were alleged by ED to be 'proceeds of crime' and were provisionally attached vide Order dated October 18, 2012 by the ED (the Order). The Hon'ble High Court of Andhra Pradesh (the Court) had, pending further Orders, granted stay of the said Order and all proceedings thereto vide its Order dated December 11, 2012. The ED had challenged this interim Order passed by the Single Judge before the Division Bench of the Court. Vide order dated December 31, 2014, the Hon'ble High Court upon hearing the matter, has dismissed the Appeal filed by ED and affirmed the Stay granted by the Single Judge. Consequently, out of the aforesaid fixed deposit which were attached, fixed deposits aggregating ₹ 3,570 Million have been redeemed. Certain banks have not honored the redemption claim of fixed deposits amounting to ₹ 4,650 Million (current principal amount; ₹ 6,415 Million) and the Company is pursuing the matter legally. 24.5.1 Additional taxation matters

i. **Petition before Hon’ble High Court of Judicature at Hyderabad: Financial years 2002-03 to 2007-08**

Erstwhile Satyam had filed various petitions before Central Board of Direct Taxes (CBDT) requesting for stay of demands aggregating to ₹ 6,170 Million for the financial years 2002-03 to 2007-08 till the correct quantification of income and taxes payable is done for the respective years. In March 2011, the CBDT rejected the petition and erstwhile Satyam filed a Special Leave Petition before the Hon’ble Supreme Court which directed erstwhile Satyam to file a comprehensive petition/representation before CBDT and to submit a Bank Guarantee (BG) for ₹ 6,170 Million which was complied by erstwhile Satyam.

The CBDT, vide its Order dated July 11, 2011, disposed off the erstwhile Satyam’s petition directing it to make its submissions before the Assessing Officer in course of the ongoing proceedings for the aforesaid years. Aggrieved by CBDT’s Order, erstwhile Satyam filed a writ petition before the Hon’ble High Court of Judicature at Hyderabad on August 16, 2011.

The Hon’ble High Court of Judicature at Hyderabad, vide its Order dated January 31, 2012, directed the parties to maintain status quo and directed the Income-tax Department not to en-cash the BG until further Orders. The BG has been extended upto October 16, 2016.

In the meanwhile, the Assessing Officer served an Order dated January 30, 2012, for provisional attachment of properties under Section 281B of the Income-tax Act, 1961 attaching certain immovable assets of erstwhile Satyam on the grounds that there is every likelihood of a large

demand to be raised against erstwhile Satyam for the financial years 2002-03 to 2008-09 along with interest liability. Aggrieved by such Order, erstwhile Satyam filed a writ petition in the Hon'ble High Court of Judicature at Hyderabad that has granted a stay on the operation of the provisional attachment Order until disposal of this writ.

ii. Appointment of Special Auditor and re-assessment proceedings

- In August, 2011, the Additional Commissioner of Income-tax issued the Draft of Proposed Assessment Orders accompanied with the Draft Notices of demand resulting in a contingent liability of ₹ 7,948 Million and ₹ 10,329 Million for the financial years 2001-02 and 2006-07, respectively, proposing variations to the total income, including variations on account of Transfer Pricing adjustments. Erstwhile Satyam has filed its objections to the Draft of Proposed Assessment Orders for the aforesaid years on September 16, 2011 with the DRP, Hyderabad, which is pending disposal.
- Consequent to the letter of erstwhile Chairman of the erstwhile Satyam, the Assessing Officer had commissioned special audits for the financial years 2001-02, 2002-03, 2006-07, 2007-08 and 2008-09 on various dates. Erstwhile Satyam had filed petitions before Hon'ble High Court of Judicature of Hyderabad challenging the special audits which are pending disposal.

iii. Provision for taxation for years prior to amalgamation with the Company

The erstwhile Satyam had accounted for provision for taxation for several prior years aggregating ₹ 4,989 Million (net of taxes paid) as at March 31, 2013 (before giving effect to its amalgamation with the Company), for which the assessments are under dispute.

Subsequent to the amalgamation of erstwhile Satyam with the Company, considering the professional advice obtained in the matter, the Management has re-evaluated the effects of the possible outcomes of the tax matters in dispute relating to erstwhile Satyam and the estimated excess tax provision aggregating ₹ 2,266 Million, has been written back during the year ended March 31, 2014. In the opinion of the Management the balance provision for taxation carried in the books is adequate.

- iv.** During the year ended March 31, 2016, the Company has received the VAT refund from the Joint Commissioner of Commercial Tax, Bangalore for Karnataka Value Added Tax and Central Sales Tax amounting to ₹ 590 Million for the period pertaining to 2003-04 and 2004-05 and accordingly, the Company has written back the corresponding provision amounting to ₹ 319 Million, provided in an earlier year, as the same is no longer required.
- v.** In November 2014, the Company has received a notice from Income-tax Department for filing of petition in Hon'ble High Court of Judicature at Hyderabad against the ITAT Order for financial year 1998-99. The Income-tax Department has raised a demand of ₹ 13 Million on account of dispute in treatment of foreign taxes payment treated as self-assessment tax thereby levying interest under section 234B and 234C. The Company has filed an objection citing the limitation of time (almost four years from the date of ITAT Order) which is pending hearing.
- vi.** In October 2015, the Company has received a notice from Income-tax Department for filing of petition in High Court of Judicature at Hyderabad against the ITAT Order for financial year 2000-01. The Income-tax Department has raised a demand of ₹ 2 Million on account of dispute in treatment of foreign taxes payment treated as self-assessment tax, which is pending hearing.

24.6 Other Claims on the Company not acknowledged as debt

- i. Alleged Advances: refer note 25.1.
- ii. Claims against erstwhile Satyam not acknowledged as debts: ₹ 1,000 Million and interest (March 31, 2015 ₹ 1,000 Million).
- iii. Claims made on the erstwhile Satyam by vendors, its employees and customers: ₹ 82 Million (March 31, 2015 ₹ 82 Million).
- iv. Dispute in relation to a subsidiary, refer note 30.
- v. Claims made on the Company not acknowledged as debts: ₹ 107 Million (March 31, 2015 ₹ 107 Million).
- vi. Other claims: ₹ 6 Million (March 31, 2015 ₹ 6 Million) against which the erstwhile Satyam has paid an amount of ₹ 3 Million under protest.
- vii. Claims on erstwhile MESL for disputed stamp duty of ₹ 1 Million (March 31, 2015 ₹ 1 Million) on sanction of credit facilities.
- viii. Claims on erstwhile MESL under Motor vehicle Act, 1988 ₹ 1 Million (March 31, 2015 ₹ 1 Million).
- ix. Claims not acknowledged as debts pending in arbitration ₹ 10 Million (March 31, 2015 ₹ Nil).
- x. Claims made on the Company by vendors towards breach of contract amounting to ₹ 22 Million (SGD 0.4 Million) (March 31, 2015 ₹ Nil) pending in arbitration.

24.7 Management's assessment of contingencies/claims

The amounts disclosed under contingencies/claims represent the best possible estimates arrived at on the basis of the available information. Due to high degree of judgment required in determining the amount of potential loss related to the various claims and litigations mentioned above and the inherent uncertainty in predicting future settlements and judicial decisions, the Company cannot estimate a range of possible losses.

However, the Company is carrying a provision for contingencies as at March 31, 2016, which, in the opinion of the Management, is adequate to cover any probable losses in respect of the above litigations and claims. Refer note 49.

25 Certain matters relating to erstwhile Satyam Computer Services Limited (erstwhile Satyam):

In the letter dated January 7, 2009 Mr. B. Ramalinga Raju, the then Chairman of erstwhile Satyam, stated that the Balance Sheet of erstwhile Satyam as at September 30, 2008 carried inflated cash and bank balances, non-existent accrued interest, an understated liability and an overstated debtors position. Consequently, various regulators/investigating agencies such as the Serious Fraud Investigation Office (SFIO)/Registrar of Companies (ROC), Directorate of Enforcement (ED), Central Bureau of Investigation (CBI) had initiated investigations on various matters and conducted inspections and issued notices calling for information including from certain subsidiaries which have been responded to.

In 2009, SFIO initiated two proceedings against erstwhile Satyam for Companies Act violations which have since been compounded. On December 24, 2009, SFIO filed its report under Section 235 of the Companies Act before the Company Law Board (CLB) which stated that 'all these offences and violations relating to fraud have already been covered by CBI in its charge-sheet and a prosecution has been launched by CBI under various sections of Indian Penal Code' in none of which erstwhile Satyam was made a party. Consequently, the CLB vide its further Order dated March 1, 2016 struck off the name of the Company from the array of respondent in the Company Petition filed by the Ministry of Company Affairs (MCA). There are no other proceedings initiated by SFIO/CLB against the Company and the Management does not expect any further proceedings or penal action in this regard.

On a FIR filed by one of the investors, the Andhra Pradesh Crime Branch, Crime Investigation Department (AP CB CID), Hyderabad started an investigation into the fraud in 2009, which was subsequently transferred to CBI, Hyderabad. In all, there were 3 separate complaints instituted by the CBI before the XIV Additional Chief Metropolitan Magistrate cum Special Sessions Court, Hyderabad (Special Court). By a common judgment dated April 9, 2015, the Special Court found the accused persons guilty and convicted them. The Company was not named as an accused in the proceedings and in the said judgment. Thus, in the opinion of the Management, the matter is closed so far as the Company is concerned and no further proceedings against the Company are envisaged in this regard.

Further, certain non-compliances/breaches of various laws and regulations by the erstwhile Satyam under the former Management (prior to Government nominated Board) were identified by various agencies including but not limited to the following - payment of remuneration/commission to whole-time directors/non-executive directors in excess of the limits prescribed under the Act, unauthorised borrowings, excess contributions to Satyam Foundation, loan to ASOP Trust (Satyam Associates Trust) without prior Board approval under the Act, delay in deposit of dividend in the bank, dividend paid without profits, non-transfer of profits to general reserve relating to interim dividend declared, utilisation of the Securities Premium account, declaration of bonus shares and violation of SEBI ESOP Guidelines, which have been responded to/appropriately addressed by the erstwhile Satyam/the Company and the Company does not expect any further proceedings in this regard.

On May 22, 2013, the ED had issued a show-cause notice to the erstwhile Satyam for contravention of provisions of the Foreign Exchange Management Act, 1999 (FEMA) for alleged non-repatriation of American Depository Receipts (ADR) proceeds aggregating USD 39.2 Million. The Company has responded to the ED's show-cause notice on March 28, 2014 and has not received any further communication in this regard.

The ED had also issued a show-cause notice to the erstwhile Satyam on April 28, 2011 for contravention of the provisions of FEMA and the Foreign Exchange Management (Realisation, Repatriation and Surrender of Foreign Exchange) Regulations, 2000, in respect of the non-realisation and repatriation of export proceeds to the extent of foreign exchange equivalent to ₹ 506 Million for invoices raised during the period July 1997 to December 31, 2002. The erstwhile Satyam has responded to the show-cause notice and has not received any further communication in this regard.

As per the assessment of the Management, based on the forensic investigation and the information available, all identified/required adjustments/disclosures arising from the identified financial irregularities, had been made in the financial statements of erstwhile Satyam as at March 31, 2009. Considerable time has elapsed after the initiation of investigation by various regulators/agencies and no new information has come to the Management's notice which requires adjustments to the financial statements. Further, as per above, the investigations have been completed and no new claims have been received which need any further evaluation/adjustment/disclosure in the books of account.

Proceedings in relation to 'Alleged Advances':

Pursuant to the aforesaid letter dated January 7, 2009, the erstwhile Satyam received letters from 37 companies seeking confirmation by way of acknowledgement of receipt of certain alleged amounts by the erstwhile Satyam (referred to as alleged advances). These letters were followed by legal notices from these companies dated August 4/5, 2009, claiming repayment of the alleged advances aggregating ₹ 12,304 Million stated to be given as temporary advances but without any evidence in support of the nature of these transactions. This is also borne out in the internal forensic investigation. The legal notices also claimed damages/compensation @18% per annum from the date of the advances till the date of repayment. The erstwhile Satyam has not acknowledged any liability to any of the 37 companies and has replied to the legal notices stating that the claims are legally untenable.

The 37 companies have filed petitions/suits for recovery against the erstwhile Satyam before the City Civil Court, Secunderabad (Court), with a prayer that these companies be declared as indigent persons for seeking exemption from payment of requisite court fees.

One petition where court fees have been paid, the pauper petition was converted into a suit which is pending disposal. The petitions filed by remaining 36 companies are before the Court, at various stages of rejection of pauperism/trial of pauperism/inquiry to condone the delay in applications. In one petition, the delay in submission of the petition has been condoned by the Court and the Company has obtained an interim stay Order from the Hon'ble High Court of Andhra Pradesh, which has remanded the matter to the lower Court directing to consider the application afresh. Lower Court upon hearing the application has condoned the delay in re-submission of pauper petition. The Company has challenged the said order in Revision before the High Court of Andhra Pradesh, which is pending hearing. In another development, Company has also filed a Revision against the orders of the Lower Court in the application filed by the Company to recall the Order in numbering the pauper petition as Original Petition. Hon'ble High Court has been pleased to stay the proceedings until further orders.

The Hon'ble High Court in its Order approving the merger of the erstwhile Satyam with the Company, further held that in the absence of Board resolutions and documents evidencing acceptance of unsecured loans, i.e. alleged advances, by the former Management of the erstwhile Satyam, the new Management of the erstwhile Satyam is justified in not crediting the amounts received in their names and not disclosing them as creditors and in disclosing such amounts as 'Amounts pending investigation suspense account (net)' in the financial statements. The Hon'ble High Court held, inter-alia, that the contention of the 37 companies that Satyam is retaining the money, i.e. the alleged advances, of the 'creditors' and not paying them does not appear to be valid and further held that any right of the objecting creditors can be considered only if the genuineness of the debt is proved beyond doubt which is not so in this case.

The said 37 companies have filed appeals before the Division Bench of the Hon'ble High Court of Andhra Pradesh, against the Orders of the Hon'ble High Court of Andhra Pradesh and the Hon'ble High Court of Judicature at Bombay sanctioning the scheme of merger of Satyam Computer Services Limited (Satyam) with the Company w.e.f. April 1, 2011, which are yet to be heard. One of the aforesaid companies has also appealed against the Order rejecting the Petition for winding-up of the erstwhile Satyam. These matters have been combined for hearing.

The Directorate of Enforcement (ED) while investigating the matter under the Prevention of Money Laundering Act, 2002 (PMLA) had directed the erstwhile Satyam not to return the alleged advances until further instructions. In furtherance to the investigation, certain fixed deposits of the Company with certain banks, then aggregating to ₹ 8,220 Million were alleged by ED to be 'proceeds of crime' and were provisionally attached vide Order dated October 18, 2012 by the ED (the Order). The Hon'ble High Court of Andhra Pradesh (the Court) had, pending further Orders, granted stay of the said Order and all proceedings thereto vide its Order dated December 11, 2012. The ED had challenged this interim Order passed by the Single Judge before the Division Bench of the Court. Vide order dated December 31, 2014, the Hon'ble High Court upon hearing the matter, has dismissed the Appeal filed by ED and affirmed the Stay granted by the Single Judge. Consequently, out of the aforesaid fixed deposit which were attached, fixed deposits aggregating ₹ 3,570 Million have been redeemed. Certain banks have not honored the redemption claim and the Company is pursuing the matter legally.

A criminal case was filed by the ED before the Hon'ble XXI Additional Chief Metropolitan Magistrate, Hyderabad cum Special Sessions Court (Trial Court) under the PMLA against erstwhile Satyam along with 212 accused persons. The Company had challenged the above prosecution before the Hon'ble High Court of Andhra Pradesh which quashed the criminal complaint against the Company vide its Order dated December 22, 2014. On an appeal preferred by the ED, the Divisional Bench of the High Court, however passed an interim Order allowing the hearing for framing 'Charges'. A Special Leave Petition was filed by the Company before the Hon'ble Supreme Court of the India, which, vide its Order dated May 11, 2015, directed the Hon'ble High Court of Andhra Pradesh to dispose off the Writ Appeal on its merits and preferably within a period of four months and further stayed the proceeding before the Trial Court. The said Appeal has not been heard till date.

In view of the aforesaid developments, which occurred and crystallised during the year and also based on an independent legal opinion the Management believes that the claim by the 37 companies for repayment of the alleged advances, including interest thereon is not legally tenable. Consequently, pending the final outcome of the proceedings, as a matter of prudence, at this point of time, the Company has accounted and disclosed the amount of ₹ 12,304 Million as 'Suspense Account (net)', provided earlier. Although remote, in the event that these cases are decided against the Company, there would be no effect on the financial results or financial position of the company.

26 Claims by certain Shareholders of Erstwhile Satyam

In terms of the Settlement of claims made by Aberdeen Asset Management PLC., UK and Aberdeen Claims Administration Inc., USA, the erstwhile Satyam has deposited a total amount of USD 80.16 Million towards the Settlement Amount and interest in an Escrow Account during the financial year ended March 31, 2013. Remittance out of the Escrow is subject to the determination of appropriate withholding tax by the Authority for Advance Ruling (AAR).

27 Scheme of Amalgamation and Arrangement of Mahindra Engineering Services Limited (MESL):

Pursuant to the Scheme of Amalgamation and Arrangement (the Scheme) sanctioned by the Hon'ble High Court of Judicature at Bombay vide its Order dated October 31, 2014, MESL, merged with the Company with effect from the appointed date of April 1, 2013. MESL was engaged in the business of rendering engineering services in relation to designing and developing parts, components, systems and aggregates relating to the automotive sector. The Scheme came into effect on December 8, 2014, the day on which the Order was delivered to the Registrar of the Companies, and pursuant thereto the entire business and all the assets and liabilities, duties, taxes and obligations of MESL have been transferred to and vested in the Company with effect from April 1, 2013.

In accordance with the Scheme, the Company had, in December 20, 2014, issued 5 Equity shares of ₹ 10 each fully paid-up in respect of every 12 Equity shares of ₹ 10 each of MESL, aggregating to 4,259,011 Equity shares as purchase consideration to the existing shareholders of MESL ranking pari-passu in all respects with the existing Equity shares of the Company. The Company has initiated the name change formalities in respect of contracts, agreements, etc. of MESL.

The amalgamation is accounted under the 'pooling of interest' method as per Accounting Standard 14 on 'Accounting for Amalgamations' and as modified under the Scheme as under:

- All assets, liabilities and reserves, including the surplus in the Statement of Profit and Loss of MESL have been recorded in the books of account of the Company at their respective carrying amounts and in the same form.
- The difference between face value of Equity shares issued by the Company pursuant to the Scheme and the amount of share capital of MESL, have been adjusted in the Reserves of the Company.
- Accordingly, the assets and liabilities of MESL are accounted at the following summarized values:

Particulars	₹ in Million
	Amount
Fixed Assets (net)	57
Non-Current Investments	68

28 Scheme of Amalgamation of Tech Mahindra BPO Limited and New vC Services Private Limited

Pursuant to the Scheme of Amalgamation (the Scheme) sanctioned by the Hon'ble High Court of Judicature at Bombay vide its order dated March 04, 2016, Tech Mahindra BPO Limited (TMBPO), and New vC Services Private Limited (New vC) have been merged with the Company with effect from April 1, 2015 (the appointed date). The Scheme came into effect on March 29, 2016, the day on which the order was delivered to the Registrar of the Companies, and pursuant thereto the entire business and all the assets and liabilities, duties, taxes and obligations of TMBPO and New vC have been transferred to and vested in the Company with effect from April 1, 2015.

TMBPO was engaged in business processes management, transitioning services and customer contract services.

New vC was engaged in the business of rendering Information Technology enabled and data processing services.

As the amalgamating companies i.e. TMBPO and New vC are both wholly owned subsidiaries of the Company, no consideration is payable on amalgamation with the Company.

The amalgamation is accounted under the 'pooling of interest' method as per Accounting Standard 14 on 'Accounting for Amalgamations' and as modified under the Scheme as under:

- All assets and liabilities and reserves of TMBPO and New vC have been recorded in the books of account of the Company at their respective carrying amounts and in the same form.
- Amount of Share capital of the transferor companies and gross value recorded as investments is adjusted and the difference is debited to The 'General Reserves' in accordance with the Scheme.
- Accordingly, the assets and liabilities of TMBPO and New vC are accounted at the following summarized values:

Accordingly, the figures for the year ended March 31, 2016 are after giving effect to the above mentioned merger, while the comparative figures are before giving effect to the merger and hence are not comparable.

The Company has initiated the name change formalities to transfer the title in respect of the contracts, agreements, etc. of TMBPO and New vC.

29 Land / Immovable Properties

- i. In respect of certain land admeasuring 19.72 acres purchased by erstwhile Satyam in Hyderabad, erstwhile Satyam entered into an agreement with the Government of Andhra Pradesh (GoAP) pursuant to which, it is eligible for incentives, concessions, privileges and amenities under the Information and Communications Technology (ICT) Policy of the GoAP. During the financial year ended March 31, 2009, erstwhile Satyam accounted for an eligible grant amounting to ₹ 96 Million towards the basic cost of the land on acquisition which was adjusted to the cost of the land. Erstwhile Satyam's entitlement to the aforesaid grant is subject to the fulfillment of certain conditions (secured by bank guarantees issued in favor of Andhra Pradesh Industrial Infrastructure Corporation (APIIC)), including employment of a minimum of eligible employees in facilities constructed over the said land, that have been substantially met and are under validation by the GoAP. The Company has earlier provided bank guarantee of ₹ 23 Million which is expired and no new bank guarantee has been submitted by the Company. Further, the Company has filed an application dated March 26, 2014 to Andhra Pradesh Industrial Infrastructure Corporation Limited requesting execution of sale deed. Sale deed was executed on December 04, 2014 and original documents are in process of being obtained from the Telangana State Industrial Infrastructure Corporation Limited then APIIC.
- ii. In respect of land admeasuring 50 acres purchased from Andhra Pradesh Industrial Infrastructure Corporation Limited in Vishakhapatnam for a total cost of ₹ 50 Million, there are certain disputes which have arisen and the Government of Andhra Pradesh has ordered the District Collector to allot alternate land to erstwhile Satyam. The Government of Andhra Pradesh has signed MOU with the Company on September 29, 2014, to allot 10 acres of land to Company on lease in lieu of land earlier allotted. In terms of the MOU signed with the government, the Company registered a Lease Deed on July 10, 2015 for 6 acres of land and took possession. Balance 4 acres of land is reserved for the Company for which Lease Deed will be executed and possession will be given on fulfillment of conditions as laid down in MOU. The amount of ₹ 50 Million is included in Capital Advances (under Long-term loans and advances) as at March 31, 2016 (March 31, 2015: ₹ 50 Million).
- iii. The erstwhile Satyam has entered into an agreement with the Maharashtra Airport Development Company Ltd (MADC) for the land taken on lease in Nagpur for which it has obtained extension to erect buildings and commence commercial activities by July 27, 2016.
- iv. Pursuant to the Scheme of Amalgamation and Arrangement (the Scheme) sanctioned by the Hon'ble High Court of Andhra Pradesh vide its order dated June 11, 2013 and the Hon'ble High Court of Judicature at Bombay vide its order dated September 28, 2012, Venturbay Consultants Private Limited (Venturbay), CanvasM Technologies Limited (CanvasM) and Mahindra Logisoft Business Solutions Limited (Logisoft), the wholly owned subsidiaries of the Company, and Satyam Computer Services Limited (Satyam) an associate of the Company (through Venturbay) and C&S System Technologies Private Limited (C&S) a wholly owned subsidiary of erstwhile Satyam, merged with the Company with effect from April 1, 2011 (the appointed date). The Scheme came into effect on June 24, 2013, the day on which both the orders were delivered to the Registrar of the Companies, and pursuant thereto the entire business and all the assets and liabilities, duties and obligations of Satyam, Venturbay, CanvasM, Logisoft and C&S have been transferred to and vested in the Company with effect from April 1, 2011. Pursuant to the Scheme, the title deeds for the immovable properties pertaining to the amalgamating companies are pending conveyance in the name of the Company. Further, the Company has initiated the name change formalities to transfer the title in respect of the other properties, contracts etc.

30 Dispute with Venture Global Engineering LLC

Pursuant to a Joint Venture Agreement in 1999, the erstwhile Satyam and Venture Global Engineering LLC (VGE) incorporated Satyam Venture Engineering Services Private Limited (SVES) in India with an objective to provide engineering services to the automotive industry.

On or around March 20, 2003, numerous corporate affiliates of VGE filed for bankruptcy and consequently the erstwhile Satyam, exercised its option under the Shareholders Agreement (the SHA), to purchase VGE's shares in SVES. The erstwhile Satyam's action, disputed by VGE, was upheld in arbitration by the London Court of International Arbitration vide its award in April 2006 (the Award).

The Courts in Michigan, USA, confirmed and directed enforcement of the Award. They also rejected VGE's challenge to the Award. In 2008, the District Court of Michigan further held VGE in contempt for its failure to honour the Award and inter-alia directed VGE to dismiss the nominees of VGE on its Board and replace them with individuals nominated by the erstwhile Satyam. This Order was also confirmed by the Sixth Circuit Court of Appeals in 2009. Consequently, erstwhile Satyam's nominees were appointed on the Board of SVES and SVES confirmed the appointment at its Board meeting held on June 26, 2008. The erstwhile Satyam was legally advised that SVES became its subsidiary only with effect from that date.

In the meantime, while proceedings were pending in the USA, VGE filed a suit in April 2006, before the District Court of Secunderabad in India for setting aside the Award. The City Civil Court, vide its judgment in January 2012, has set aside the Award, against which the erstwhile Satyam preferred an appeal (Company Appeal) before the High Court.

VGE also filed a suit before the City Civil Court, Secunderabad inter alia seeking a direction to the Company to pay sales commission that it was entitled to under the Shareholders Agreement. In the said suit, two ex-parte Orders were issued directing the Company and Satyam to maintain status quo with regard to transfer of 50% shares of VGE and with regard to taking major decisions which are prejudicial to interest of VGE. The said suit filed by VGE is still pending before the Civil Court.

The Company has challenged the ex-parte Orders of the City Civil Court Secunderabad, before the High Court (SVES Appeal).

The High Court of Andhra Pradesh consolidated all the Company appeals and by a common Order dated August 23, 2013 set aside the Order of the City Civil Court, Hyderabad setting aside the award and also the ex-parte Orders of the City Civil Court, Secunderabad. The High Court as an interim measure ordered status quo with regard to transfer of shares, originally given by Supreme Court to be maintained for four weeks which was extended for a further period of three weeks. VGE has filed special leave petition against the said Order before Supreme Court of India, which is currently pending. The Supreme Court by an interim Order dated October 21, 2013 extended the High Court Order on the status-quo on transfer of shares. The Company has also filed a Special Leave Petition before the Supreme Court of India challenging the judgment of the High Court only on the limited issue as to whether the Civil Court has jurisdiction to entertain VGE's challenge to the Award. The said Petition is pending before the Supreme Court.

In a related development, in December 2010, VGE and the sole shareholder of VGE (the Trust, and together with VGE, the Plaintiffs), filed a complaint against the erstwhile Satyam in the United States District Court for the Eastern District of Michigan (District Court) inter alia asserting claims under the Racketeer Influenced and Corrupt Organization Act, 1962 (RICO), fraudulent concealment and seeking monetary and exemplary damages (the Complaint). The District Court vide its order in March 2012 has dismissed the Plaintiffs Complaint. The District Court also rejected VGE's petition to amend the complaint. In June 2013, VGE's appeal against the order of the District Court has been allowed by the US Court of Appeals for the Sixth Circuit. The matter is currently before the District Court and the Company has filed a petition before District Court seeking dismissal of the Plaintiff's Complaint. The said petition is pending before the District Court. On March 31, 2015, the US District Court stayed the matter pending hearing and decision by the Indian Supreme Court in the Special Leave Petitions filed by Venture and the Company.

31 Other matters**Foreign currency receivables**

In respect of overdue foreign currency receivables for the period's upto March 31, 2009 pertaining to Erstwhile Satyam and overdue foreign currency receivables of TMBPO, the Company is taking steps under the provisions of FEMA, for recovery and/or permissions for write-offs, as appropriate. Erstwhile Satyam under the Management post Government nominated Board and TMBPO has fully provided for these receivables.

32 Share application money pending allotment

The amount received from employees on exercise of stock options is accounted as Share application money pending allotment. 52 Employee Stock Option Scheme

i. ESOP 2000 & ESOP 2010:

The Company has instituted 'Employee Stock Option Plan 2000' (ESOP 2000) and 'Employee Stock Option Plan 2010' (ESOP 2010) for eligible employees and Directors of the Company and its subsidiaries. The vesting pattern of the schemes has been provided below. The options can be exercised over a period of 5 years from the date of grant Each option carries with it the right to purchase one equity share of the Company at the exercise price determined by the Company at the time of grant for ESOP 2000 and exercise price as determined by the Nomination and remuneration Committee for ESOP 2010.

ii. ESOP 2006 & ESOP 2014:

The Company has instituted 'Employee Stock Option Plan 2006' (ESOP 2006) and 'Employee Stock Option Plan 2014' (ESOP 2014) for eligible employees and Directors of the Company and its subsidiaries. In terms of the said plan, the Nomination and Remuneration Committee has granted options to the employees of the Company. The maximum exercise period is 7 years from the date of grant for ESOP 2006 and options can be exercised over a period of 5 years from the date of vesting for ESOP 2014.

The vesting period of the above mentioned 4 ESOP Schemes, namely ESOP 2000, ESOP 2006, ESOP 2010 and ESOP 2014 are as follows:

vesting percentage of options			
Service period from date of grant	ESOP 2000 and ESOP 2010	ESOP 2006	ESOP 2014
12 months	33.33%	10%	15%
24 months	33.33%	15%	20%
36 months	33.33%	20%	30%
48 months	-	25%	35%
60 months	-	30%	-

iii. TML ESOP – B 2013:

Erstwhile Satyam has established a scheme 'Associate Stock Option Plan – B' (ASOP - B) under which 28,925,610 options were available for grant/exercise at the time the Scheme of Amalgamation became effective. Post-merger, these options were adjusted in terms of the approved Scheme of Amalgamation and obtained Listing approval for 3,403,013 options and each option entitles the holder one equity share of the Company. These options vest over a period of 1 to 4 years from the date of the grant. Upon vesting, employees have 5 years to exercise the options. Post-merger, the name of the ESOP scheme has been changed to 'TML ESOP B 2013'.

iv. TML- RSU:

The erstwhile Satyam has established a scheme 'Associate Stock Option Plan - Restricted Stock Units (ASOP – RSUs)' to be administered by the Administrator of the ASOP – RSUs, a committee appointed by the Board of Directors of the erstwhile Satyam in May 2000. Under the scheme, 1,529,412 equity shares (equivalent number of equity shares post-merger) are reserved to be issued to eligible associates at a price to be determined by the Administrator which shall not be less than the face value of the share. These RSUs vest over a period of 1 to 4 years from the date of the grant. The maximum time available to exercise the options upon vesting is five years from the date of each vesting. Post-merger, the name of the ESOP scheme has been changed to TML RSU.

v. ESOP – A:

Erstwhile Satyam had established an ESOP scheme viz., 'Associate Stock Option Plan – A' (ASOP - A) formulated prior to the SEBI Guidelines on ESOP and ESPS issued in 1999. This plan was administered

through an employee's trust viz., Satyam Associates Trust (Satyam Trust). At the time the Scheme of Amalgamation and Arrangement became effective, the Satyam Trust was holding 2,055,320 shares of erstwhile Satyam, which post amalgamation were converted into 241,802 shares of the Company at the approved share exchange ratio and this scheme has been transitioned and renamed as ESOP-A. Satyam Trust grants warrants to the employees of the Company with an exercise price and terms of vesting advised by the Nomination and Remuneration Committee of the Company. Each warrant shall entitle the warrant holder one equity share. The exercise period is 180 days from the date of each vesting.

vi. Employee Stock Option Scheme – ESOS:

Erstwhile MESL has established Employee Stock Option Scheme (ESOS) - ESOS for which 1,400,000 equity shares respectively were earmarked. ESOS Scheme is administered through a Trust viz., MES Employees Stock Option Trust. The options under this Scheme vest over a period of 1 to 3 years from the date of the grant. Upon vesting, employees have 7 years to exercise the options. As on the effective date of amalgamation, only 18,084 options were outstanding under ESOS which are converted into equivalent 30,144 options of the Company giving effect to approved share exchange ratio, split and bonus.

The Company has framed various share-based payment schemes for its employees and directors of the Company and its subsidiaries. The details of various share-based employee stock option plan (ESOP) schemes adopted are as follows:

ESOP Scheme	Number of options granted during the year ended March 31, 2016	Grant date	Weighted average fair value

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF TECH MAHINDRA LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Tech Mahindra Limited (hereinafter referred to as the Holding Company/ Company) and its subsidiaries (the Holding Company and its subsidiaries together referred to as the Group'), and its associates, comprising of the Consolidated Balance Sheet as at 31st March, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the consolidated financial statements).

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, as applicable. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31st March, 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Emphasis of Matters

We draw attention to the following notes to the financial statements:

- a) Note 32 in respect of certain matters relating to erstwhile Satyam Computer Services Limited (erstwhile Satyam), amalgamated with the Company with effect from April 1, 2011 which are discussed below:

During the year the Additional Chief Metropolitan Magistrate cum Special Sessions Court, Hyderabad vide common judgement on April 9, 2015 convicted the accused persons in 3 separate complaints instituted by the Central Bureau of Investigation (CBI), which also covered the matters investigated by the Serious Fraud Investigation Office (SFIO). The Company was not named as an accused in the proceedings and in the said judgment. The Management does not believe there will be any further proceedings against the Company in this respect. The Company Law Board vide its further Order dated March 1, 2016 has also struck off the name of the Company from the array of respondent in the petition filed by the Ministry of Company Affairs (MCA).

Further, as explained in note 32 to the financial statements, certain non-compliances and breaches of various laws and regulations by the erstwhile Satyam under the former Management (prior to Government nominated Board) identified by the various agencies have been responded to/appropriately addressed in earlier years and no further communication has been received by the Company on these matters and with the passage of time, the Company does not expect any further proceedings in this regard.

The Company's management on the basis of current legal status and external legal opinion, as more fully described in note 32 to the financial statements, has concluded that (i) claims made by 37 companies in the City Civil Court for alleged advances amounting to ₹ 12,304 million made by these companies to erstwhile Satyam, and presented separately under 'Suspense account (net) and (ii) the claims to these advances filed by Enforcement Directorate under the Prevention of Money Laundering Act in the High Court of Andhra Pradesh will not sustain on ultimate resolution by the respective Courts as explained in the note.

- b) Note 38 in respect of one of the subsidiary of the Company whose financial statements / financial information reflect total assets (net) of ₹ 1,811 Million as at March 31, 2016 and total revenues of ₹ 2,024 Million and net cash outflow amounting to ₹ 44 Million for the year ended on that date as considered in the consolidated financial results, the other auditors have drawn attention to the possible charge that may arise in respect of the on-going dispute, which is currently sub judice, between the promoters of the subsidiary on various issues relating to the shareholders agreement, the outcome of which is not determinable at this stage.

Further, the auditors have drawn attention to the fact that the annual financial statements for the years ended March 31, 2015, March 31, 2014, March 31, 2013 and March 31, 2012 have not been adopted by the members of that subsidiary in their respective annual general meetings in the absence of unanimous consent of both the shareholders in terms of the Articles of Association of the subsidiary company. The financial statements as at and for the year ended March 31, 2016 have been drawn up incorporating the opening balances based on the above mentioned financial statements which have not been adopted by the shareholders of the subsidiary company. Adjustments to the opening balances, if any, will be made in the financial statements as and when determined.

Our opinion is not qualified in respect of these matters.

Other Matters

- a) We did not audit the financial statements / financial information of 92 subsidiaries whose financial statements / financial information reflect total assets of ₹ 39,921 Million as at March 31, 2016, total revenues of ₹ 43,492

Million and net cash inflows amounting to ₹ 390 Million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 0 Million for the year ended March 31, 2016, as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, is based solely on the reports of the other auditors.

- b) We did not audit the financial statements / financial information of 29 subsidiaries whose financial statements / financial information reflect total assets of ₹ 1,689 Million as at March 31, 2016, total revenues of ₹ 2,884 Million and net cash inflows amounting to ₹ 252 Million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 26 million for the year ended March 31, 2016, as considered in the consolidated financial statements, in respect of 3 associates, whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, as applicable.
 - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our Report in Annexure A, which is based on the auditors' reports of the Holding company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Holding company's and subsidiary companies incorporated in India internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the consolidated financial statements of Tech Mahindra Limited (hereinafter referred to as the Holding Company/the Company) as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 7 subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Mumbai, India, May 24, 2016

Mumbai, India, May 24, 2016

Notes forming part of the Consolidated Financial Statements for the year ended March 31, 2016**1. Corporate Information:**

Tech Mahindra Limited (referred to as "TechM" or the "Company") operates mainly into two sectors i.e. Telecom business and Enterprise Solutions business. The telecom business provides consulting-led integrated portfolio services to customers which are Telecom Equipment Manufacturers, Telecom Service Providers and IT Infrastructure Services, Business Process Outsourcing as well as Enterprise Services (BFSI, Retail & Logistics, Manufacturing, E&U, and Healthcare, Life Sciences, etc.) of Information Technology (IT) and IT-enabled services delivered through a network of multiple locations around the globe. The enterprise solutions business provides comprehensive range of IT services, including IT enabled services, application development and maintenance, consulting and enterprise business solutions, extended engineering solutions and infrastructure management services to diversified base of corporate customers in a wide range of industries including insurance, banking and financial services, manufacturing, telecommunications, transportation and engineering services. The Company's registered office is in Mumbai, India and has over 140 subsidiaries across the globe.

2. Significant accounting policies:**2.1 Principles of consolidation:**

The financial statements of TechM and its subsidiaries have been consolidated on a line by line basis by adding together like items of assets, liabilities, income, expenses, after eliminating intra group transactions and any unrealized gains or losses in accordance with the Accounting Standard - 21 on "Consolidated Financial Statements" (AS 21).

The financial statements of TechM and its subsidiaries have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances.

The excess of cost of investments in the subsidiary company/s over the share of the equity of the subsidiary company/s at the date on which the investment in the subsidiary company/s is made is recognised as 'Goodwill on Consolidation' and is

disclosed on the face of the Balance Sheet in the Consolidated Financial Statements. Alternatively, where the share of equity in the subsidiary company/s as on the date of investment is in excess of cost of the investment, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the Consolidated Financial Statements.

Minority interest in the net assets of the consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made in the subsidiary company/s and further movements in their share in the equity, subsequent to the dates of investments. Minority interest also includes share application money received from minority shareholders. The losses in subsidiary/s attributable to the minority shareholder are recognised to the extent of their interest in the equity of the subsidiary/s.

Investment in an entity in which the Group has significant influence but not a controlling interest, is reported according to the equity method i.e. the investment is initially recorded at cost in accordance with Accounting Standard 23 "Accounting for Investments in associates in Consolidated Financial Statements". The carrying amount of the investment is adjusted thereafter for the post acquisition change in the Company's share of net assets of the associate. The excess of cost of investment in associate, over the net assets at the date of acquisition of the investment in the associate is separately disclosed under non-current investments as Goodwill.

2.2 Basis for preparation of financial statements:

The Consolidated Financial Statements comprise the financial statements of Tech Mahindra Limited ('TechM' or 'the Company') and its subsidiaries and jointly controlled entity (the Company, its subsidiaries and jointly controlled entity constitute "the Group"). The consolidated financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India on accrual basis under the historical cost convention, except for certain financial instruments which are measured at fair value. These financial statements

have been prepared in accordance with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

The financial statements of the subsidiaries used in the consolidation are drawn up to the same reporting date as that of TechM.

2.3 Use of Estimates:

The preparation of consolidated financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the financial statements.

2.4 Tangible Fixed Assets and Intangible assets:

Tangible fixed assets and intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalised includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

2.5 Depreciation / amortization of fixed assets:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation / amortisation on fixed assets including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life, except in respect of the following categories of assets, where the life of the assets has been assessed as under based on technical advice, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Buildings	28 years
Computers	2 to 5 years
Computers taken on Finance Lease	Lower of 3 years or lease period
Plant and Equipments	3 to 7 years
Furniture and Fixtures	3 to 15 years
Furniture and Fixture taken on Finance Lease	Lower of 5 years or lease period
Vehicles	3 to 5 years
Office Equipments	3 to 20 years
Leasehold Improvements	Lower of lease period or expected occupancy

Leasehold land is amortised over the period of lease.

Assets costing upto ₹ 5,000 are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

The estimated useful life of the intangible assets are reviewed at the end of each reporting period to reflect the changed pattern, if any.

The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Project specific intangible assets are amortised over their estimated useful lives on a straight line basis or over the period of the license, whichever is lower.

2.6 Leases:

Assets taken on lease are accounted as fixed assets where necessary conditions are complied in accordance with Accounting Standard 19 on "Leases", (AS 19).

(i) Finance lease:

Where the Group, as a lessor, leases assets under finance lease, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is based on constant rate of return on the outstanding net investment.

Assets taken on finance lease are accounted as fixed assets at fair value. Lease payments are apportioned between finance charge and reduction of outstanding liability.

(ii) Operating lease:

Lease arrangements under which all risks and rewards of ownership are effectively retained by the lessor are classified as

operating lease. Lease rental under operating lease are recognised in the Statement of Profit and Loss on a straight line basis over the lease term.

(iii) Sale and Lease back transaction :

In case of a sale and leaseback transaction resulting in a finance lease, any excess or deficiency of sales proceeds over the carrying amount is deferred and amortised over the lease term in proportion to the depreciation of the leased asset.

Profit or Loss on Sale and Lease back arrangements resulting in finance leases are recognised, in case the transaction is established at fair value, else the excess over the fair value is deferred and amortised over the period for which the asset is expected to be used.

2.7 Impairment of Assets:

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment, if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

- (a) an intangible asset that is not yet available for use; and
- (b) an intangible asset that is amortised over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent

the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

2.8 Investments:

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued.

Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

2.9 Inventories:

Components and parts:

Components and parts are valued at lower of cost or net realizable value. Cost is determined on First-In-First Out basis.

Finished Goods:

Finished goods are valued at the lower of the cost or net realisable value. Cost is determined on First-In-First Out basis.

Projects in Progress / Work in Progress:

Hardware equipment and other items are carried at the lower of cost and net realisable value. Cost is determined on a specific identification basis. Cost includes material cost, freight and other incidental expenses incurred in bringing the inventory to the present location/condition.

2.10 Revenue recognition:

Revenue from software services and business process outsourcing services include revenue earned from services rendered on 'time

and material' basis, time bound fixed price engagements and system integration projects.

All revenues from services, as rendered, are recognised when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes.

The Group also performs time bound fixed price engagements, under which revenue is recognised using the proportionate completion method of accounting, unless work completed cannot be reasonably estimated. Provision for estimated losses, if any on uncompleted contracts are recorded in the period in which such losses become probable based on the current estimates and can be reasonably estimated.

The cumulative impact of any revision in estimates of the percentage of work completed is reflected in the period in which the change becomes known.

Revenue from maintenance contracts is recognised over the period of the contract in accordance with its terms.

Revenue recognition is based on the terms and conditions as per the contracts entered into with the customers. In respect of expired contracts under renewal or where there are no contracts available, revenue is recognised based on the erstwhile contract / provisionally agreed terms and / or understanding with the customers.

Revenue is net of volume discounts / price incentives which are estimated and accounted for based on the terms of the contracts and excludes applicable indirect taxes.

Amounts received or billed in advance of services performed are recorded as advances from customers / unearned revenue.

Unbilled revenue represents amounts recognised based on services performed in advance of billing in accordance with contract terms and is net of estimated allowance for uncertainties and provision for estimated losses.

Liquidated damages and penalties are accounted as per the contract terms wherever there is a delayed delivery attributable to the Group and when there is a reasonable certainty with which the same can be estimated.

Revenues from the sale of software and hardware products are recognised upon delivery / deemed delivery, which is when title passes to the customer, along with risk and rewards.

Reimbursement / recoveries from customers are separately identified as contractual receivables when no significant uncertainty as to measurability or collectability exists.

The Group recognizes unearned finance income as financing revenue over the lease term using the effective interest method.

Dividend income is recognised when the Group's right to receive dividend is established. Interest income is recognised on time proportion basis.

2.11 Government grants:

Government grants are recognised when there is reasonable assurance that the Group will comply with the conditions attached to them and the grants will be received.

Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of the depreciable asset by way of reduced depreciation charge. Grants in the nature of capital subsidy are treated as capital reserve based on receipt/eligibility.

Grants related to revenue are accounted for as other income in the period in which the related costs which they intend to compensate are accounted for to the extent there is no uncertainty in receiving the same. Incentives which are in the nature of subsidies given by the Government which are based on the performance of the Company are recognised in the year of performance / eligibility in accordance with the related scheme.

Government grants in the form of non-monetary assets, given at a concessional rate, are accounted for at their acquisition costs.

2.12 Foreign currency transactions:

a) Foreign currency transactions and translations:

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the period end rates. The exchange differences between the rate

prevailing on the date of transaction and on the date of settlement / translation of monetary items at the end of the period is recognised as income or expense, as the case may be.

Any premium or discount arising at the inception of the forward exchange contract is recognised as income or expense over the life of the contract, except in the case where the contract is designated as a cash flow hedge.

b) Derivative instruments and hedge accounting:

The Group uses foreign currency forward contracts/options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. Effective April 1st 2007, the Group designates some of these as cash flow hedges applying the recognition and measurement principles set out in the Accounting Standard 30 "Financial Instruments: Recognition and Measurements" (AS-30).

The use of foreign currency forward contracts / options is governed by the Group's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Group's risk management strategy. The counter party to the Group's foreign currency forward contracts is generally a bank. The Group does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract / option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised directly in Hedging Reserve (under Reserves and Surplus) and the ineffective portion is recognised immediately in the Statement of Profit and Loss.

The accumulated gains / losses on the derivatives accounted in Hedging Reserve are transferred to the Statement of Profit and Loss in the same period in which gains / losses on the item hedged are recognized in the Statement of Profit and Loss.

Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense in the period in which such cancellation or renewal is made. Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognized in the Statement of Profit and Loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument recognised in shareholders' funds is retained there and is classified to Statement of Profit and Loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in shareholders' funds is transferred to the Statement of Profit and Loss for the period.

2.13 Foreign Operations:

The financial statements of integral foreign operations are translated as if the transactions of the foreign operations have been those of the Company itself. In translating the financial statements of a non-integral foreign operation, the assets and liabilities, both monetary and non-monetary are translated at the closing rate, income and expense items are translated at average exchange rates and all resulting exchange differences are accumulated in a foreign currency translation reserve until disposal of the net investment in the non-integral foreign operation.

2.14 Employee Benefits:

a) Gratuity:

The Group accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet

date using the Projected Unit Credit method for TechM and its Indian subsidiaries.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur. (Refer note 45 below)

b) **Provident fund:**

The eligible employees of TechM and its Indian subsidiaries are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and TechM and its Indian subsidiaries make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by TechM and its Indian subsidiaries.

The TechM and its Indian subsidiaries has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions.

c) **Superannuation and ESIC:**

Superannuation fund and employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the Statement of Profit and Loss on accrual basis.

d) **Compensated absences:**

The Group provides for the encashment of leave subject to certain Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for TechM and its Indian subsidiaries, whereas provision for encashment of unavailed leave on retirement is made on actual basis for foreign subsidiaries. TechM does not expect the difference on account of varying methods to be material.

The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based

on actuarial valuation as at the Balance Sheet date.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

The Group also offers a short term benefit in the form of encashment of unavailed accumulated compensated absence above certain limit for all of its employees and same is being provided for in the books at actual cost.

e) **Other short term employee benefits:**

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service.

2.15 Borrowing costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss.

2.16 Taxation:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Group will pay normal tax after the tax holiday period. Accordingly, it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Group and the asset can be measured reliably.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one

period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Tax on distributed profits payable in accordance with the provisions of the Income Tax Act, 1961 is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI).

2.17 Employee Stock Option Plans:

The Group determines the compensation cost based on the intrinsic value method. The Group grants options to its employees which will be vested in a graded manner and are to be exercised within a specified period. The compensation cost is amortized on an accelerated basis over the vesting period.

2.18 Research and development:

Research costs are expensed as incurred. Development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Group has an intention and ability to complete and use the asset and the costs can be measured reliably.

2.19 Earnings per Share:

Basic earnings / (loss) per share are calculated by dividing the net profit / (loss) for the period

attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings / (loss) per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

2.20 Cash and cash equivalents (for the purpose of cash flow statement):

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.21 Provision, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Group has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. The provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect current best estimates.

Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

Notes :		
Certain fixed deposits of the Company, then aggregating to ₹ 8,220 Million were alleged by ED to be 'proceeds of crime' and were provisionally attached vide Order dated October 18, 2012 by the ED (the Order). The Hon'ble High Court of Andhra Pradesh (the Court) had, pending further Orders, granted stay of the said Order and all proceedings thereto vide its Order dated December 11, 2012. The ED had challenged this interim Order passed by the Single Judge before the Division Bench of the Court. Vide order dated December 31, 2014, the Hon'ble High Court upon hearing the matter, has dismissed the Appeal filed by ED and affirmed the Stay granted by the Single Judge. Consequently, out of the aforesaid fixed deposit which were attached, fixed deposits aggregating ₹ 3,570 million have been redeemed. Certain banks have not honored the redemption claim of fixed deposits amounting to ₹ 4,650 Million (current principal amount; ₹ 6,415 million) and the Company is pursuing the matter legally. 31.5.1 Additional taxation matters

i. Petition before Hon'ble High Court of Judicature at Hyderabad: Financial years 2002-03 to 2007-08

Erstwhile Satyam had filed various petitions before Central Board of Direct Taxes (CBDT) requesting for stay of demands aggregating to ₹ 6,170 Million for the financial years 2002-03 to 2007-08 till the correct quantification of income and taxes payable is done for the respective years. In March 2011, the CBDT rejected the petition and erstwhile Satyam filed a Special Leave Petition before the Hon'ble Supreme Court which directed erstwhile Satyam to file a comprehensive petition/representation before CBDT and to submit a Bank Guarantee (BG) for ₹ 6,170 Million which was complied by erstwhile Satyam.

The CBDT, vide its Order dated July 11, 2011, disposed off the erstwhile Satyam's petition directing it to make its submissions before the Assessing Officer in course of the ongoing proceedings for the aforesaid years. Aggrieved by CBDT's Order, erstwhile Satyam filed a writ petition before the Hon'ble High Court of Judicature at Hyderabad on August 16, 2011.

The Hon'ble High Court of Judicature at Hyderabad, vide its Order dated January 31, 2012, directed the parties to maintain status quo and directed the Income-tax Department not to encash the BG until further Orders. The BG has been extended upto October 16, 2016.

In the meanwhile, the Assessing Officer served an Order dated January 30, 2012, for provisional attachment of properties under Section 281B of the Income-tax Act, 1961 attaching certain

immovable assets of erstwhile Satyam on the grounds that there is every likelihood of a large demand to be raised against erstwhile Satyam for the financial years 2002-03 to 2008-09 along with interest liability. Aggrieved by such Order, erstwhile Satyam filed a writ petition in the Hon'ble High Court of Judicature at Hyderabad that has granted a stay on the operation of the provisional attachment Order until disposal of this writ.

ii. Appointment of Special Auditor and re-assessment proceedings

- In August, 2011, the Additional Commissioner of Income-tax issued the Draft of Proposed Assessment Orders accompanied with the Draft Notices of demand resulting in a contingent liability of ₹ 7,948 Million and ₹ 10,329 Million for the financial years 2001-02 and 2006-07, respectively, proposing variations to the total income, including variations on account of Transfer Pricing adjustments. Erstwhile Satyam has filed its objections to the Draft of Proposed Assessment Orders for the aforesaid years on September 16, 2011 with the DRP, Hyderabad, which is pending disposal.
- Consequent to the letter of erstwhile Chairman of the erstwhile Satyam, the Assessing Officer had commissioned special audits for the financial years 2001-02, 2002-03, 2006-07, 2007-08 and 2008-09 on various dates. Erstwhile Satyam had filed petitions before Hon'ble High Court of Judicature of Hyderabad challenging the special audits which are pending disposal.

iii. Provision for taxation for years prior to amalgamation with the Company

The erstwhile Satyam had accounted for provision for taxation for several prior years aggregating ₹ 4,989 Million (net of taxes paid) as at March 31, 2013 (before giving effect to its amalgamation with the Company), for which the assessments are under dispute.

Subsequent to the amalgamation of erstwhile Satyam with the Company, considering the professional advice obtained in the matter, the Management has re-evaluated the effects of the possible outcomes of the tax matters in dispute relating to erstwhile Satyam and the estimated excess tax provision aggregating ₹ 2,266 Million, has been written back during the year ended March 31, 2014. In the opinion of the Management the balance provision for taxation carried in the books is adequate.

- iv.** During the year ended March 31, 2016, the Company has received the VAT refund from the Joint Commissioner of Commercial Tax, Bangalore for Karnataka Value Added Tax and Central Sales Tax amounting to ₹ 590 Million for the period pertaining to 2003-04 and 2004-05 and accordingly, the Company has written back the corresponding provision amounting to ₹ 319 Million, provided in an earlier year, as the same is no longer required.
- v.** In November 2014, the Company has received a notice from Income-tax Department for filing of petition in Hon'ble High Court of Judicature at Hyderabad against the ITAT Order for financial year 1998-99. The Income-tax Department has raised a demand of ₹ 13 Million on account of dispute in treatment of foreign taxes payment treated as self-assessment tax thereby levying interest under section 234B and 234C. The Company has filed an objection citing the limitation of time (almost four years from the date of ITAT Order) which is pending hearing.
- vi.** In October 2015, the Company has received a notice from Income-tax Department for filing of petition in High Court of Judicature at Hyderabad against the ITAT Order for financial year 2000-01. The Income-tax Department has raised a demand of ₹ 2 Million on account of dispute in treatment of foreign taxes payment treated as self-assessment tax, which is pending hearing.

31.5.2 Matters relating to Leadcom.

Leadcom de Colombia SA is the subject of an administrative tax audit in Colombia since 2010. The potential indirect to Leadcom exposure is about USD 0.3 Million (₹ 20 Million) and the probability for such exposure to materialize is estimated at 25%. Leadcom de Colombia is taking a legal action to vigorously defend itself against the potential exposure.

31.6 Other Claims on the Company not acknowledged as debt

- i. Alleged Advances: refer note 32.1.
- ii. Claims against erstwhile Satyam not acknowledged as debts ₹ **1,000 Million** and interest (March 31, 2015: ₹ 1,000 Million).
- iii. Claims made on the erstwhile Satyam by vendors, its employees and customers - ₹ **82 Million** (March 31, 2015: ₹ 82 Million).
- iv. Claims made on the Company not acknowledged as debts ₹ **107 Million** (March 31, 2015: ₹ 107 Million).
- v. Claim has been made on Comviva of ₹ **39 Million (equivalent USD. 0.6 Million)** (March 31, 2015: ₹ 37 Million equivalent USD. 0.6 Million) by a leading telecom customer in Africa. Comviva has issued a credit note of ₹ 19 Million (50% of the claim amount as an interim settlement) and provided for an amount of ₹ **10 Million** (March 31, 2015 ₹ 28 Million) based on its estimate of the liability and the balance amount is shown under contingent liabilities.
- vi. Claim has been made on Comviva of ₹ **15 Million (KES 22 Million)** (March 31, 2015 ₹ 15 Million equivalent KES 22 Million) by a leading telecom customer in Africa. Comviva has issued a credit note of ₹ 5 Million (30% of claim amount) as an interim settlement and the balance amount is shown under contingent liability.
- vii. Comviva has received demand from BSES, New Delhi amounting to ₹ **15 Million** (March 31, 2015: ₹ 15 Million) and from BESCO, Bangalore amounting to ₹ **7 Million** (March 31, 2015: ₹ 7 Million).
- viii. Claim has been made on Comviva of ₹ **5 Million (KES 7 Million)** (March 31, 2015: ₹ Nil) by a leading telecom customer in Africa. Comviva believes that it is not liable for this claim and accordingly responded to the customer on November 19, 2015 to which Comviva has not received any reply as on March 31, 2016.
- ix. Claims not acknowledged as debts pending in arbitration ₹ **10 Million** (March 31, 2015 ₹ Nil).
- x. Other claims: ₹ **6 Million** (March 31, 2015: ₹ 6 Million) against which the erstwhile Satyam has paid an amount of ₹ 3 Million under protest.
- xi. Claims on erstwhile MESL for disputed stamp duty of ₹ **1 Million** (March 31, 2015 ₹ 1 Million) on sanction of credit facilities.
- xii. Claims on erstwhile MESL under Motor vehicle Act, 1988 ₹ **1 Million** (March 31, 2015: ₹ 1 Million).
- xiii. Dispute in relation to a subsidiary, refer note 37.
- xiv. Claims made on LCC by customers amounting to ₹ **80 Million (USD 1.2 Million)** (March 2015: ₹ Nil (USD Nil)) but not acknowledged as debts.
- xv. Claims made on the Company by vendors towards breach of contract amounting to ₹ **22 Million (SGD 0.4 Million)** (March 31, 2015: ₹ Nil) pending in arbitration.

31.7 Management's assessment of contingencies/claims

The amounts disclosed under contingencies/claims represent the best possible estimates arrived at on the basis of the available information. Due to high degree of judgment required in determining the amount of potential loss related to the various claims and litigations mentioned above and the inherent uncertainty in predicting future settlements and judicial decisions, the Company cannot estimate a range of possible losses.

However, the Company is carrying a provision for contingencies as at March 31, 2016, which, in the opinion of the Management, is adequate to cover any probable losses in respect of the above litigations and claims. Refer note 53.

32. Certain matters relating to erstwhile Satyam Computer Services Limited (erstwhile Satyam):

In the letter dated January 7, 2009 Mr. B. Ramalinga Raju, the then Chairman of erstwhile Satyam, stated that the Balance Sheet of erstwhile Satyam as at September 30, 2008 carried inflated cash and bank balances, non-existent accrued interest, an understated liability and an overstated debtors position. Consequently, various regulators/investigating agencies such as the Serious Fraud Investigation Office (SFIO)/Registrar of Companies (ROC), Directorate of Enforcement (ED), Central Bureau of Investigation (CBI) had initiated investigations on various matters and conducted inspections and issued notices calling for information including from certain subsidiaries which have been responded to.

In 2009, SFIO initiated two proceedings against erstwhile Satyam for Companies Act violations which have since been compounded. On December 24, 2009, SFIO filed its report under Section 235 of the Companies Act before the Company Law Board (CLB) which stated that 'all these offences and violations relating to fraud have already been covered by CBI in its charge-sheet and a prosecution has been launched by CBI under various sections of Indian Penal Code in none of which erstwhile Satyam was made a party. Consequently, the CLB vide its further Order dated March 1, 2016 struck off the name of the Company from the array of respondent in the Company Petition filed by the Ministry of Company Affairs (MCA). There are no other proceedings initiated by SFIO/CLB against the Company and the Management does not expect any further proceedings or penal action in this regard.

On a FIR filed by one of the investors, the Andhra Pradesh Crime Branch, Crime Investigation Department (AP CB CID), Hyderabad started an investigation into the fraud in 2009, which was subsequently transferred to CBI, Hyderabad. In all, there were 3 separate complaints instituted by the CBI before the XIV Additional Chief Metropolitan Magistrate cum Special Sessions Court, Hyderabad (Special Court). By a common judgment dated April 9, 2015, the Special Court found the accused persons guilty and convicted them. The Company was not named as an accused in the proceedings and in the said judgment. Thus, in the opinion of the Management, the matter is closed so far as the Company is concerned and no further proceedings against the Company are envisaged in this regard.

Further, certain non-compliances/breaches of various laws and regulations by the erstwhile Satyam under the former Management (prior to Government nominated Board) were identified by various agencies including but not limited to the following - payment of remuneration/commission to whole-time directors/non-executive directors in excess of the limits prescribed under the Act, unauthorised borrowings, excess contributions to Satyam Foundation, loan to ASOP Trust (Satyam Associates Trust) without prior Board approval under the Act, delay in deposit of dividend in the bank, dividend paid without profits, non-transfer of profits to general reserve relating to interim dividend declared, utilisation of the Securities Premium account, declaration of bonus shares and violation of SEBI ESOP Guidelines, which have been responded to/appropriately addressed by the erstwhile Satyam/the Company and the Company does not expect any further proceedings in this regard.

On May 22, 2013, the ED had issued a show-cause notice to the erstwhile Satyam for contravention of provisions of the Foreign Exchange Management Act, 1999 (FEMA) for alleged non-repatriation of American Depository Receipts (ADR) proceeds aggregating USD 39.2 Million. The Company has responded to the ED's show-cause notice on March 28, 2014 and has not received any further communication in this regard.

The ED had also issued a show-cause notice to the erstwhile Satyam on April 28, 2011 for contravention of the provisions of FEMA and the Foreign Exchange Management (Realisation, Repatriation and Surrender of Foreign Exchange) Regulations, 2000, in respect of the non-realisation and repatriation of export proceeds to the extent of foreign exchange equivalent to ₹ 506 Million for invoices raised during the period July 1997 to December 31, 2002. The erstwhile Satyam has responded to the show-cause notice and has not received any further communication in this regard.

As per the assessment of the Management, based on the forensic investigation and the information available, all identified/required adjustments/disclosures arising from the identified financial irregularities, had been

made in the financial statements of erstwhile Satyam as at March 31, 2009. Considerable time has elapsed after the initiation of investigation by various regulators/agencies and no new information has come to the Management's notice which requires adjustments to the financial statements. Further, as per above, the investigations have been completed and no new claims have been received which need any further evaluation/adjustment/disclosure in the books of account.

Proceedings in relation to 'Alleged Advances':

Pursuant to the aforesaid letter dated January 7, 2009, the erstwhile Satyam received letters from 37 companies seeking confirmation by way of acknowledgement of receipt of certain alleged amounts by the erstwhile Satyam (referred to as alleged advances). These letters were followed by legal notices from these companies dated August 4/5, 2009, claiming repayment of the alleged advances aggregating ₹ 12,304 Million stated to be given as temporary advances but without any evidence in support of the nature of these transactions. This is also borne out in the internal forensic investigation. The legal notices also claimed damages/compensation @18% per annum from the date of the advances till the date of repayment. The erstwhile Satyam has not acknowledged any liability to any of the 37 companies and has replied to the legal notices stating that the claims are legally untenable.

The 37 companies have filed petitions/suits for recovery against the erstwhile Satyam before the City Civil Court, Secunderabad (Court), with a prayer that these companies be declared as indigent persons for seeking exemption from payment of requisite court fees.

One petition where court fees have been paid, the pauper petition was converted into a suit which is pending disposal. The petitions filed by remaining 36 companies are before the Court, at various stages of rejection of pauperism/trial of pauperism/inquiry to condone the delay in applications. In one petition, the delay in submission of the petition has been condoned by the Court and the Company has obtained an interim stay Order from the Hon'ble High Court of Andhra Pradesh, which has remanded the matter to the lower Court directing to consider the application afresh. Lower Court upon hearing the application has condoned the delay in re-submission of pauper petition. The Company has challenged the said order in Revision before the High Court of Andhra Pradesh, which is pending hearing. In another development, Company has also filed a Revision against the orders of the Lower Court in the application filed by the Company to recall the Order in numbering the pauper petition as Original Petition. Hon'ble High Court has been pleased to stay the proceedings until further orders.

The Hon'ble High Court in its Order approving the merger of the erstwhile Satyam with the Company, further held that in the absence of Board resolutions and documents evidencing acceptance of unsecured loans, i.e. alleged advances, by the former Management of the erstwhile Satyam, the new Management of the erstwhile Satyam is justified in not crediting the amounts received in their names and not disclosing them as creditors and in disclosing such amounts as 'Amounts pending investigation suspense account (net)' in the financial statements. The Hon'ble High Court held, inter-alia, that the contention of the 37 companies that Satyam is retaining the money, i.e. the alleged advances, of the 'creditors' and not paying them does not appear to be valid and further held that any right of the objecting creditors can be considered only if the genuineness of the debt is proved beyond doubt which is not so in this case.

The said 37 companies have filed appeals before the Division Bench of the Hon'ble High Court of Andhra Pradesh, against the Orders of the Hon'ble High Court of Andhra Pradesh and the Hon'ble High Court of Judicature at Bombay sanctioning the scheme of merger of Satyam Computer Services Limited (Satyam) with the Company w.e.f. April 1, 2011, which are yet to be heard. One of the aforesaid companies has also appealed against the Order rejecting the Petition for winding-up of the erstwhile Satyam. These matters have been combined for hearing.

The Directorate of Enforcement (ED) while investigating the matter under the Prevention of Money Laundering Act, 2002 (PMLA) had directed the erstwhile Satyam not to return the alleged advances until further instructions. In furtherance to the investigation, certain fixed deposits of the Company with

certain banks, then aggregating to ₹ 8,220 Million were alleged by ED to be 'proceeds of crime' and were provisionally attached vide Order dated October 18, 2012 by the ED (the Order). The Hon'ble High Court of Andhra Pradesh (the Court) had, pending further Orders, granted stay of the said Order and all proceedings thereto vide its Order dated December 11, 2012. The ED had challenged this interim Order passed by the Single Judge before the Division Bench of the Court. Vide order dated December 31, 2014, the Hon'ble High Court upon hearing the matter, has dismissed the Appeal filed by ED and affirmed the Stay granted by the Single Judge. Consequently, out of the aforesaid fixed deposit which were attached, fixed deposits aggregating ₹ 3,570 million have been redeemed. Certain banks have not honored the redemption claim and the Company is pursuing the matter legally.

A criminal case was filed by the ED before the Hon'ble XXI Additional Chief Metropolitan Magistrate, Hyderabad cum Special Sessions Court (Trial Court) under the PMLA against erstwhile Satyam along with 212 accused persons. The Company had challenged the above prosecution before the Hon'ble High Court of Andhra Pradesh which quashed the criminal complaint against the Company vide its Order dated December 22, 2014. On an appeal preferred by the ED, the Divisional Bench of the High Court, however passed an interim Order allowing the hearing for framing 'Charges'. A Special Leave Petition was filed by the Company before the Hon'ble Supreme Court of the India, which, vide its Order dated May 11, 2015, directed the Hon'ble High Court of Andhra Pradesh to dispose off the Writ Appeal on its merits and preferably within a period of four months and further stayed the proceeding before the Trial Court. The said Appeal has not been heard till date.

In view of the aforesaid developments, which occurred and crystallised during the year and also based on an independent legal opinion the Management believes that the claim by the 37 companies for repayment of the alleged advances, including interest thereon is not legally tenable. Consequently, pending the final outcome of the proceedings, as a matter of prudence, at this point of time, the Company has accounted and disclosed the amount of ₹ 12,304 million as 'Suspense Account (net)', provided earlier. Although remote, in the event that these cases are decided against the Company, there would be no effect on the financial results or financial position of the company.

33. Claims by certain Shareholders of Erstwhile Satyam

In terms of the Settlement of claims made by Aberdeen Asset Management PLC., UK and Aberdeen Claims Administration Inc., USA, the erstwhile Satyam has deposited a total amount of USD 80.16 Million towards the Settlement Amount and interest in an Escrow Account during the financial year ended March 31, 2013. Remittance out of the Escrow is subject to the determination of appropriate withholding tax by the Authority for Advance Ruling (AAR).

34. Scheme of Amalgamation and Arrangement of Mahindra Engineering Services Limited (MESL):

Pursuant to the Scheme of Amalgamation and Arrangement (the Scheme) sanctioned by the Hon'ble High Court of Judicature at Bombay vide its Order dated October 31, 2014, MESL, merged with the Company with effect from the appointed date of April 1, 2013. MESL was engaged in the business of rendering engineering services in relation to designing and developing parts, components, systems and aggregates relating to the automotive sector. The Scheme came into effect on December 8, 2014, the day on which the Order was delivered to the Registrar of the Companies, and pursuant thereto the entire business and all the assets and liabilities, duties, taxes and obligations of MESL have been transferred to and vested in the Company with effect from April 1, 2013.

In accordance with the Scheme, the Company had, in December 20, 2014, issued 5 Equity shares of ₹ 10 each fully paid-up in respect of every 12 Equity shares of ₹ 10 each of MESL, aggregating to 4,259,011 Equity shares as purchase consideration to the existing shareholders of MESL ranking pari-passu in all respects with the existing Equity shares of the Company. The Company has initiated the name change formalities in respect of contracts, agreements, etc. of MESL.

The amalgamation is accounted under the 'pooling of interest' method as per Accounting Standard 14 on 'Accounting for Amalgamations' and as modified under the Scheme as under:

- All assets, liabilities and reserves, including the surplus in the Statement of Profit and Loss of MESL have been recorded in the books of account of the Company at their respective carrying amounts and in the same form.
- The difference between face value of Equity shares issued by the Company pursuant to the Scheme and the amount of share capital of MESL, have been adjusted in the Reserves of the Company.
- Accordingly, the assets and liabilities of MESL are accounted at the following summarized values:

Particulars	₹ in Million
	Amount
Fixed Assets (net)	57
Non-Current Investments	68
Deferred Tax Asset	27
Current Investments	637
Trade Receivables	287
Cash and Bank Balances	753
Other Current Assets	86
Loans and Advances (long-term and short-term)	447
Liabilities and provisions (long-term and short-term)	(409)
Net Assets	1,953
Equity Share capital of MESL	(102)
Equity shares issued by the Company pursuant to the scheme	42
Capital Reserve (credit balance)	(60)

In terms of the Scheme, the appointed date of the amalgamation being April 1, 2013, the net profit of MESL, aggregating ₹ 428 Million and movements in other components of Reserves and Surplus during the financial year 2013-14 have been transferred, to the extent not accounted already, at their respective carrying amounts and in the same form in the books of the Company upon amalgamation.

35. Scheme of Amalgamation of Tech Mahindra BPO Limited and New vC Services Private Limited

Pursuant to the Scheme of Amalgamation (the Scheme) sanctioned by the Hon'ble High Court of Judicature at Bombay vide its order dated March 04, 2016, Tech Mahindra BPO Limited (TMBPO), and New vC Services Private Limited (New vC) have been merged with the Company with effect from April 1, 2015 (the appointed date). The Scheme came into effect on March 29, 2016, the day on which the order was delivered to the Registrar of the Companies, and pursuant thereto the entire business and all the assets and liabilities, duties, taxes and obligations of TMBPO and New vC have been transferred to and vested in the Company with effect from April 1, 2015.

TMBPO was engaged in business processes management, transitioning services and customer contract services.

New vC was engaged in the business of rendering Information Technology enabled and data processing services.

As the amalgamating companies i.e. TMBPO and New vC are both wholly owned subsidiaries of the Company, no consideration is payable on amalgamation with the Company.

The amalgamation is accounted under the 'pooling of interest' method as per Accounting Standard 14 on 'Accounting for Amalgamations' and as modified under the Scheme as under:

- All assets and liabilities and reserves of TMBPO and New vC have been recorded in the books of account of the Company at their respective carrying amounts and in the same form.

- Amount of Share capital of the transferor companies and gross value recorded as investments is adjusted and the difference is debited to The 'General Reserves' in accordance with the Scheme.
- Accordingly, the assets and liabilities of TMBPO and New vC are accounted at the following summarized values:

Particulars	₹ in Million		
	TMBPO	New vC	Total
Fixed Assets (net) (Including Capital Work-in-Progress)	143	27	170
Non-Current Investments	-	62	62
Deferred Tax Asset	67	2	69
Trade Receivables	627	52	679
Cash and Bank Balances	48	54	102
Loans and Advances and other assets (long-term and short-term)	473	12	485
Liabilities and provisions (long-term and short-term)	1,056	25	1,081
Share Capital	331	90	421
Gross value recorded as investments	2,735	96	2,831
Debited to General Reserves	2,404	6	2,410

Accordingly, the figures for the year ended March 31, 2016 are after giving effect to the above mentioned merger, while the comparative figures are before giving effect to the merger and hence are not comparable.

The Company has initiated the name change formalities to transfer the title in respect of the contracts, agreements, etc. of TMBPO and New vC.

36. Land/ Immovable Properties

- In respect of certain land admeasuring 19.72 acres purchased by erstwhile Satyam in Hyderabad, erstwhile Satyam entered into an agreement with the Government of Andhra Pradesh (GoAP) pursuant to which, it is eligible for incentives, concessions, privileges and amenities under the Information and Communications Technology (ICT) Policy of the GoAP. During the financial year ended March 31, 2009, erstwhile Satyam accounted for an eligible grant amounting to ₹ 96 Million towards the basic cost of the land on acquisition which was adjusted to the cost of the land. Erstwhile Satyam's entitlement to the aforesaid grant is subject to the fulfillment of certain conditions (secured by bank guarantees issued in favor of Andhra Pradesh Industrial Infrastructure Corporation (APIIC)), including employment of a minimum of eligible employees in facilities constructed over the said land, that have been substantially met and are under validation by the GoAP. The Company has earlier provided bank guarantee of ₹ 23 Million which is expired and no new bank guarantee has been submitted by the Company. Further, the Company has filed an application dated March 26, 2014 to Andhra Pradesh Industrial Infrastructure Corporation Limited requesting execution of sale deed. Sale deed was executed on December 04, 2014 and original documents are in process of being obtained from the Telangana State Industrial Infrastructure Corporation Limited then APIIC.
- In respect of land admeasuring 50 acres purchased from Andhra Pradesh Industrial Infrastructure Corporation Limited in Vishakhapatnam for a total cost of ₹ 50 Million, there are certain disputes which have arisen and the Government of Andhra Pradesh has ordered the District Collector to allot alternate land to erstwhile Satyam. The Government of Andhra Pradesh has signed MOU with the Company on September 29, 2014, to allot 10 acres of land to Company on lease in lieu of land earlier allotted. In terms of the MOU signed with the government, the Company registered a Lease Deed on July 10, 2015 for 6 acres of land and took possession. Balance 4 acres of land is reserved for the Company for which Lease Deed will be executed and possession will be given on fulfillment of conditions as laid

down in MOU. The amount of ₹ 50 Million is included in Capital Advances (under Long-term loans and advances) as at March 31, 2016 (March 31, 2015: ₹ 50 Million).

- iii. The erstwhile Satyam has entered into an agreement with the Maharashtra Airport Development Company Ltd (MADC) for the land taken on lease in Nagpur for which it has obtained extension to erect buildings and commence commercial activities by July 27, 2016.
- iv. Pursuant to the Scheme of Amalgamation and Arrangement (the Scheme) sanctioned by the Hon'ble High Court of Andhra Pradesh vide its order dated June 11, 2013 and the Hon'ble High Court of Judicature at Bombay vide its order dated September 28, 2012, Venturbay Consultants Private Limited (Venturbay), CanvasM Technologies Limited (CanvasM) and Mahindra Logisoft Business Solutions Limited (Logisoft), the wholly owned subsidiaries of the Company, and Satyam Computer Services Limited (Satyam) an associate of the Company (through Venturbay) and C&S System Technologies Private Limited (C&S) a wholly owned subsidiary of erstwhile Satyam, merged with the Company with effect from April 1, 2011 (the appointed date). The Scheme came into effect on June 24, 2013, the day on which both the orders were delivered to the Registrar of the Companies, and pursuant thereto the entire business and all the assets and liabilities, duties and obligations of Satyam, Venturbay, CanvasM, Logisoft and C&S have been transferred to and vested in the Company with effect from April 1, 2011. Pursuant to the Scheme, the title deeds for the immovable properties pertaining to the amalgamating companies are pending conveyance in the name of the Company. Further, the Company has initiated the name change formalities to transfer the title in respect of the other properties, contracts etc.

37. Dispute with Venture Global Engineering LLC

Pursuant to a Joint Venture Agreement in 1999, the erstwhile Satyam and Venture Global Engineering LLC (VGE) incorporated Satyam Venture Engineering Services Private Limited (SVES) in India with an objective to provide engineering services to the automotive industry.

On or around March 20, 2003, numerous corporate affiliates of VGE filed for bankruptcy and consequently the erstwhile Satyam, exercised its option under the Shareholders Agreement (the SHA), to purchase VGE's shares in SVES. The erstwhile Satyam's action, disputed by VGE, was upheld in arbitration by the London Court of International Arbitration vide its award in April 2006 (the Award).

The Courts in Michigan, USA, confirmed and directed enforcement of the Award. They also rejected VGE's challenge to the Award. In 2008, the District Court of Michigan further held VGE in contempt for its failure to honour the Award and inter-alia directed VGE to dismiss the nominees of VGE on its Board and replace them with individuals nominated by the erstwhile Satyam. This Order was also confirmed by the Sixth Circuit Court of Appeals in 2009. Consequently, erstwhile Satyam's nominees were appointed on the Board of SVES and SVES confirmed the appointment at its Board meeting held on June 26, 2008. The erstwhile Satyam was legally advised that SVES became its subsidiary only with effect from that date.

In the meantime, while proceedings were pending in the USA, VGE filed a suit in April 2006, before the District Court of Secunderabad in India for setting aside the Award. The City Civil Court, vide its judgment in January 2012, has set aside the Award, against which the erstwhile Satyam preferred an appeal (Company Appeal) before the High Court.

VGE also filed a suit before the City Civil Court, Secunderabad inter alia seeking a direction to the Company to pay sales commission that it was entitled to under the Shareholders Agreement. In the said suit, two ex-parte Orders were issued directing the Company and Satyam to maintain status quo with regard to transfer of 50% shares of VGE and with regard to taking major decisions which are prejudicial to interest of VGE. The said suit filed by VGE is still pending before the Civil Court.

The Company has challenged the ex-parte Orders of the City Civil Court Secunderabad, before the High Court (SVES Appeal).

The High Court of Andhra Pradesh consolidated all the Company appeals and by a common Order dated August 23, 2013 set aside the Order of the City Civil Court, Hyderabad setting aside the award and also the ex-parte Orders of the City Civil Court, Secunderabad. The High Court as an interim measure ordered status quo with regard to transfer of shares, originally given by Supreme Court to be maintained for four weeks which was extended for a further period of three weeks. VGE has filed special leave petition against the said Order before Supreme Court of India, which is currently pending. The Supreme Court by an interim Order dated October 21, 2013 extended the High Court Order on the status-quo on transfer of shares. The Company has also filed a Special Leave Petition before the Supreme Court of India challenging the judgment of the High Court only on the limited issue as to whether the Civil Court has jurisdiction to entertain VGE's challenge to the Award. The said Petition is pending before the Supreme Court.

In a related development, in December 2010, VGE and the sole shareholder of VGE (the Trust, and together with VGE, the Plaintiffs), filed a complaint against the erstwhile Satyam in the United States District Court for the Eastern District of Michigan (District Court) inter alia asserting claims under the Racketeer Influenced and Corrupt Organization Act, 1962 (RICO), fraudulent concealment and seeking monetary and exemplary damages (the Complaint). The District Court vide its order in March 2012 has dismissed the Plaintiffs Complaint. The District Court also rejected VGE's petition to amend the complaint. In June 2013, VGE's appeal against the order of the District Court has been allowed by the US Court of Appeals for the Sixth Circuit. The matter is currently before the District Court and the Company has filed a petition before District Court seeking dismissal of the Plaintiff's Complaint. The said petition is pending before the District Court. On March 31, 2015, the US District Court stayed the matter pending hearing and decision by the Indian Supreme Court in the Special Leave Petitions filed by Venture and the Company.

38. Satyam Venture Engineering Services Private Limited (SVES)

38.1 Accounting for sales commission

During the financial year 2011-12, the Board of SVES re-assessed the need to accrue sales commission in its books and based on such re-assessment took the view, when the financial statements of SVES for the year ended March 31, 2012 was tabled for approval, that the accrual of sales commission from FY 05-06 to FY 10-11 of ₹ 359 Million be written back as other income in the Statement of Profit and Loss and the sales commission for the period from April 2011- December 2011 be reversed.

However, as a prudent measure, the Board directed that SVES to provide an amount of ₹ 529 Million as a provision for contingency, covering the period from FY 05-06 to FY 11-12 which in its opinion would be adequate to cover any possible outflow that may arise in respect of the above aforesaid matter and adjustments to the financial statements if any, arising out of dispute between joint venture partners to be made on final disposal of legal proceedings.

Taking into accounts subsequent legal developments and an order of the Hon'ble High Court of Andhra Pradesh dated August 23, 2013 in the matter (refer note 37) directing all parties to maintain status quo, the Board of SVES did not make any provision for contingency in the current year towards sales commission but instead disclosed an amount of ₹ 780 Million (March 31, 2015: ₹ 529 Million) as contingent liability to cover any possible charge that may arise in respect of the above said matter, in the financial statements for the year ended March 31, 2016 and by way of abundant caution considering the issues before judicial authorities, notwithstanding the Board's view that there is no need to accrue sales commission.

38.2 Preparation of financial statements

At the Annual General Meetings of the SVES held on October 29, 2012, September 10, 2013, September 22, 2014 and September 07, 2015 one of the shareholders abstained from voting on the resolution for adoption of audited financial statements as at and for the year ended March 31, 2012, March 31, 2013, March 31, 2014 and March 31, 2015 respectively. In terms of Article 66 of the Articles of Association of SVES, the adoption of audited financial statements requires unanimous consent of both the shareholders of SVES. Therefore, the said financials have not been approved by the shareholders.

The financial statements as at and for the year ended March 31, 2016 have been drawn up incorporating the opening balances based on above said financial statements which have not been adopted by the Shareholders. Adjustments required, if any, will be made in accounts as and when determined.

39. Other matters:

Foreign currency receivables

In respect of overdue foreign currency receivables for the period's upto March 31, 2009 pertaining to Erstwhile Satyam and overdue foreign currency receivables of TMBPO, the Company is taking steps under the provisions of FEMA, for recovery and/or permissions for write-offs, as appropriate. Erstwhile Satyam under the Management post Government nominated Board and TMBPO has fully provided for these receivables.

40. Share application money pending allotment

The amount received from employees on exercise of stock options is accounted as Share application money pending allotment. Upon allotment, the amount received corresponding to the shares allotted against the options exercised is transferred to Share capital and Securities premium account (if applicable) and taxes (if applicable) recovered from employees. An amount of ₹ 14 Million is outstanding as at March 31, 2016 (March 31, 2015: ₹ 3 Million) representing amounts received from employees of the Company on exercise of stock options towards face value, securities premium and perquisite tax recovered by the Company from the employees, pending allotment.

- 41.** The Company's Management assesses the operations of the subsidiaries/entities, including the future projections, to identify indications of diminution, other than temporary, in the value of the investments recorded in the books of account and, accordingly no additional provision is required to be made, other than the amounts provided for in the books of account.

42. Provision made / reversed against Investments of subsidiaries/entities

In September 2008, the Company had made an investment of ₹ 85 Million which was equal to 17.28% of the equity share capital of Servista Limited, a leading European system integrator. With this investment, the Company became Servista's exclusive delivery arm for three years and would assist Servista in securing more large scale European IT off shoring business. Subsequently, the business plan of Servista was adversely affected by the economic downturn and it continued to incur losses and therefore, Servista in June 2009 decided to close down its operations. Hence, the Company made a provision of ₹ 85 Million in the year ended March 31, 2010 as diminution in the value of its investments in Servista. As of March 31, 2016, Servista is in process of winding up and in the view of the Management; the Company would have no further unrecorded obligations towards settlement of any further liability.

- 43.** Based on the Management's assessment and improved financial performance of Dion Global Solutions Limited, the Company during the year ended March 31, 2016, has reversed the provision for diminution in value of its investment in Dion Global Solutions Limited, which was provided for in an earlier year, amounting to ₹ 243 Million

44. Transfer to Statutory reserve

As required by the Bahrain Commercial Companies Law and the TMBL's Articles of Association, 10% of the profit for each period is required to be transferred to a statutory reserve. TMBL may resolve to discontinue such annual transfers when the reserve totals 50% of the issued share capital. Accordingly during the year ended March 31, 2010, TMBL has transferred fifty percent of share capital to statutory reserve. The reserve is not available for distribution, except in the circumstances stipulated in the Bahrain Commercial Companies Law.

In accordance with the U.A.E. Federal Law No (8) of 1984, as amended, and the Company's Articles of Association, Comviva Technologies FZ-LLC, one of the subsidiary of TechM has created a statutory reserve

by transferring 10% of its net profit for each year, to the maximum cumulative balance of the said reserve equals 50% of the issued share capital. This reserve is not available for distribution except as stipulated by the Law.

- ix. The employee stock compensation cost for the Employee Stock Option Plan 2010, Employee Stock Option Plan 2000, Employee Stock Option Plan- B 2013, ESOP-A, ESOP 2014 and TML-RSU schemes issued at par has been computed under the intrinsic value method and amortized over each vesting period. For the year ended March 31, 2016 the Company has accounted for employee stock compensation cost amounting to ₹ 1,608 Million (March 31, 2015 ₹ 2,268 Million).
- x. **Impact on the reported net profit and earnings per share by applying the fair value based method**

The Company uses the intrinsic value-based method of accounting for stock options granted after April 1, 2005. Had the compensation cost for the Company's stock based compensation plan been determined in the manner consistent with the fair value approach based on Black and Scholes model, the Company's net profit would be lower by ₹ 413 Million (March 31, 2015: profit lower by ₹ 398 Million) and earnings per share as reported would be as indicated below:

₹ in Million except earnings per share

Particulars	For the Year ended	
	March 31, 2016	March 31, 2015
a) Net profit after tax (As reported)	31,180	26,277
b) Add : Stock-based employee compensation expense determined under intrinsic value base method	1,608	2,268
c) Less : Stock-based employee compensation expense determined under fair value base method	(2,021)	(2,666)

58. As per the requirements of Accounting Standard 17 on 'Segment Reporting' (AS 17), the primary segment of the Group is business segment by category Information Technology (IT) Business and Business Processing Outsourcing (BPO), secondary segment is the geographical segment by location of its customers.

Earlier TechM provided IT & BSG services only to telecom vertical & hence, its IT business for telecom vertical was monitored by sub segments like Telecom Service Provider (TSP), Telecom Equipment Manufacturer (TEM) & in Segmental Reporting all these were reported as Primary Segments.

Erstwhile Satyam on the other hand provided IT & BSG services all industry verticals & the performance was monitored by two businesses namely segments IT & BPO & in segmental reporting IT & BPO were two primary segments.

Post-merger, the Group has diversified industry segments and the management would monitor business as IT & BPO & these would be used as primary segments.

The accounting principles consistently used in the preparation of the financial statements are also applied to record income and expenditure in the individual segments. There are no inter-segment transactions during the year ended March 31, 2016.

Segregation of assets, liabilities, depreciation and other non-cash expenses into various primary segments has not been done as the assets are used interchangeably between segments and TechM is of the view that it is not practical to reasonably allocate liabilities and other non-cash expenses to individual segments and an ad-hoc allocation will not be meaningful.

59. Revenue and Software, Hardware and Project Specific Expenses for the year ended March 31, 2016 include revenue and cost relating to one of the subsidiary of ₹ 1,289 Million (March 2015: ₹ 1,061 Million) and cost of ₹ 804 Million (March 2015: ₹ 774 Million) relating to sale and purchase of trading goods.

60. Tax on Dividend

Shareholders at the Annual General Meeting held on July 28, 2015 had approved the dividend of ₹ 6 per equity share which was paid during the year ended March 31, 2016. On the said dividend, Company had made a provision towards dividend distribution tax of ₹ 1,173 Million in March 2015. During the year, the Company has received dividend from its subsidiaries of ₹ 5,587 Million. As per the provisions of Section 115O of Income Tax Act, 1961, the Company has calculated dividend tax after adjusting dividend received from its subsidiaries. The Company has paid dividend distribution tax of ₹ 36 Million and excess provision for dividend distribution tax of ₹ 1,137 Million has been written back since no longer required.
