RECENT SUCCESS STORIES

A US-based leading pharmaceutical company and medical equipment manufacturer

Delivered a mission-critical order visibility app called “My Orders” that transformed the entire order management process by driving intelligent workflows across their supply-chain and leveraging Pega® Cloud. It helped increase quarterly revenue by **25%**, reduced **50%** rework and is Mobile enabled.

America’s largest dental major providing dental insurance

Implemented a on-boarding solution combining Pega, Alfresco and EngageOne technologies for Business Process Management, Document Management and Contract Template Management respectively. The solution provides a single system to manage provider contracts and their records. This solutions enabled the client to improve **on-boarding time to 3 days from 3 months.**
